Meeting of Executive Board.

Springfield, Ill., Feb. 24, 1919.

Regular meeting of the International Executive Board called to order at 10 a. m., February 24, 1919, F. J. Swor presiding.

Members present—F. J. Swor, E. Nothnagel, M. J. Boyle, Geo. W. Whitford, F. L. Kelly, M. P. Gordan.

Request of Local Union No. 775 for remission of per capita for January and February.

Moved and seconded the request be granted. Motion carried.

Appeal of Bros. Jas. W. Cole and John B. Hickey of Local Union No. 202 against decision of Acting I. P. Noonan. After reviewing the facts in the case it was moved and seconded that the decision of the Acting International President be sustained. Motion carried.

Application for a charter for Marine Electrical Workers in the Fore River Ship Yards, Squantum Ship Yards and Charleston Ship Yards was presented to the Board. A committee from the above named yards—Charles C. Costello, James A. Ago, A. L. Patstone—appeared before the Board and presented evidence in support of their application.

Local No. 103, represented by Martin T. Joyce and J. J. Smith, appeared in opposition to the granting of said charter. After reviewing the facts and referring to the law covering the case, which we quote:

"A local union may be organized by any number of Electrical Workers, not less than ten, provided they are qualified according to this Constitution. They must apply to the I. S. for a charter, he shall grant the same when authorized by the I. P. More than one local union may be chartered in the same city or jurisdiction. Permission of existing unions or union, if there be any in the jurisdiction for which a charter is sought, must accompany every application for a charter."

It was moved and seconded that the application for a charter from the Marine Electrical Workers in the Fore River Ship Yards, Squantum Ship Yards

and the Charleston Yards be denied. Motion carried.

And it was further moved and seconded that Local Union No. 103 be instructed to organize the Electrical Mechanics in the Fore River Ship Yards, Squantum Ship Yards, and Charleston Ship Yards, as members of the I. B. E. W. in accordance with laws of the International Brotherhood. Motion carried.

Request of Local Union No. 46, Seattle, Washington, for a loan of \$5,000.00, request being made owing to the fact that the funds of the Local were invested in Liberty Bonds, which could not be marketed only at a sacrifice. The International Secretary advised that it would be possible to negotiate a loan on the bonds without sacrifice to the Local. It was, therefore, moved and seconded that the International Secretary be instructed to arrange for a loan under those conditions, giving the Local Union privilege of redeeming them at face value at their convenience. Motion carried.

Auditor's report presented and it was moved and seconded that the chairman appoint an Auditing Committee. Motion carried.

F. L. Kelly and E. Nothnagel appointed Auditing Committee by the Chair.

Committee representing Local Union No. 1, St. Louis, Mo., as follows: J. McGinn, F. T. Farrell, C. G. Williamson, J. O'Mara, and R. Underwood, appeared before the Board relative to action on Resolution No. 20, pages 215 and 216 of the proceedings of the Atlantic City convention. After hearing the committee and going over the case with the Acting International President, it was moved and seconded that the Acting International President, or his representative, be instructed to proceed to St. Louis and adjust the differences existing between Locals Nos. 1 and 309 as per directions of the resolution and in conformity with the laws. Motion carried.

Letter from Local No. 242 requesting a donation of \$250.00.

Moved and seconded that the request be not granted inasmuch as the diffi-

culty they are involved in has not been recognized officially by the I. O. Motion carried.

Letter of request from District Organization Rock Island Lines for a loan of \$500.00.

Moved and seconded that as we have no funds available that the request be held over for further consideration when funds are available. Motion carried.

Appeal of Local Union No. 708 against the decision of Acting International President, causing the revocation of local's charter. Committee, H. L. Parks, A. F. Wilcox, W. H. Emerson from Local No. 708, W. S. Godshall representing Local No. 98, presented their arguments in the case. Acting International President Noonan presented evidence supporting his action in the premises. After giving the committee several hearings and allowing them to present all data connected therewith, then reviewing the facts in the case, the following is the action of the Board:

Moved and seconded that the decision of Acting International President in revoking the charter of Local No. 708 be sustained and those members of Local No. 708 who were in good standing in the I. O. at the time of decision of Acting International President, be transferred to the Local Union in whose jurisdiction they are working on the payment of the current monthly dues and the I. V. P. of the district was instructed to see that the above decision is carried out by the local unions under whose jurisdiction those members are working. Motion carried.

Moved and seconded that all officers and local unions interested in the above decision be notified of this action and instructed to govern themselves accordingly. Motion carried.

Brother E. H. Herzberg, from Local Union No. 494, appeared protesting against the installation of an outside charter in Milwaukee. After reviewing the facts, it was moved and seconded that Local No. 494 hold jurisdiction over the outside electrical workers for a period of one year. The initiation fee for outside electrical workers shall be \$5.00 until 75% of the outside electrical workers shall be organized. The assessment which exists on settlement which was arrived at between the employer and employee on uncompleted contracts not to apply to these members. In the event that two-thirds of the outside electrical workers who become members of Local No. 494 desire a charter at the expiration of the above period, said charter shall be granted. Motion carried.

Committee from Lake County Indiana Building Trades Council—T. J. Croak, Paul Pyles, J. J. Flaherty—and committee from Local No. 697—J. W. Wagner,

F. A. Cosgrove—appeared relative to suspended member Martin H. Carmody. After reviewing the situation and hearing argument, it was moved and seconded that Local Union No. 697, Lake County, be instructed to issue a weekly permit as journeyman contractor without cost to suspended member, Martin H. Carmody, provided that he violates no working rules of the Local Union or the Building Trades Council. Motion carried.

Copies of the above to be sent to T. J. Croak, 164 Plummer av., Hammond, Ind., and J. W. Wagner of Local No. 697.

Letter of request from Local No. 381, requesting a loan of \$2,000.00. Moved and seconded that the I. O. be instructed to try and negotiate a loan in the above amount, through some local union of the Brotherhood for Local No. 381. Motion carried.

A complaint was brought to the attention of the Board relative to the action of Local No. 77, Seattle, Washington, aiding and abetting other organizations in their efforts to obtain possession of work properly coming under the Brotherhood's jurisdiction. The following action was taken on this complaint:

Moved and seconded that the following telegram be sent to Local No. 77:

"Springfield, Ill., Feb. 28, 1919.

"Mr. H. L. O'Neil,

Labor Temple, Seattle, Wash.

"Complaint filed this office by Local No. 46, your Local Union giving support and assistance to the Engineers' Organization on the question of switchboard and crane operators, which is a matter occupying the attention of the Seattle Metal Trades Council. This jurisdictional controversy is one of the most serious, as well as important situations we are confronted with. You are requested to advise us at once by telegraph what your attitude is. We have instructed our International representative in Seattle to investigate the matter, and if complaint from Local No. 46 is corroborated by their investigation, and your Local Union does not immediately recede from the position it has assumed on this question, they will receive instructions to notify your officers and Local Union officially of the suspension of your charter, as the International Brotherhood cannot and will not tolerate any members or local unions that concede any portion of the work that belongs to our membership to any other organization. This information is sent you per instructions of the International Executive Board that is now in session.

J. P. Noonan, Acting Int. Pres."

And if it was found they were assisting other organizations to the detriment of the welfare of the Brotherhood, they be instructed to repudiate their action. Failing to do so, the Acting International President stands instructed to take such action as in his judgment may be necessary to correct the situation. Motion carried.

The question of meeting with the Conference Club of Electrical Contractors to discuss the matter of universal agreement, was considered by the Board and the following action taken:

Moved and seconded that the Chair appoint a committee to represent the International Brotherhood at a meeting to be held with the Conference Club in New York City, March 5, 1919. Motion carried.

The Chair appointed the following committee: G. W. Whitford, Edward Nothnagel, M. J. Boyle, F. L. Kelly, F. J. McNulty and J. P. Noonan.

Brother A. H. Feely of Local Union No. 378, San Francisco, California, appeared before the Board concerning conditions which exist between Local Unions Nos. 6, 378 and 595. After hearing the statements of Bro. Feely, and investigating facts and evidence pertaining to the matter it was moved and seconded that inasmuch as there has been an agreement entered into between the three local unions for the purpose of covering the points at issue, and as representatives of the other interested locals had no opportunity of presenting their side of the case, that action be held in abeyance until all interested are heard. Motion carried.

Report of Auditing Committee tendered by Members Nothnagel and Kelly. Their report showed a deficit in the general fund of the Brotherhood of somewhat over \$40,000.00.

Moved and seconded that the report be accepted and placed in safe deposit box, and that the officers be instructed to carry out the provisions of Section 7, Article 5, of the Constitution, which provides for an assessment of twenty-five cents per member when the general fund of the Brotherhood needs replenishing. Motion carried.

Report received from Acting International President Noonan, Telephone Operators' President O'Connor, and International Secretary Ford, concerning the conditions existing in the telephone and telegraph industry. The Board reviewed the situation as reported by the officers, and the following action taken:

Moved and seconded that the officers of the Brotherhood be instructed to place the matter before President Wilson and endeavor to obtain a conference with him for the purpose of bringing about an adjustment of the situation

without the necessity of resorting to suspension of work in the industries affected. Failing to obtain relief through such action, the officers are herewith instructed to spread a referendum vote to the entire membership for the purpose of determining whether a general strike shall be called or not. And that there shall be submitted, in connection with this question the provisions of Resolution No. 29 as adopted through the concurrence of the convention at Atlantic City in recommendation of Committee on Ways and Means. Motion carried.

Letter of invitation from the International Association of Machinists, inviting us to move the International headquarters to Washington, D. C., and occupy space in the Machinists' new building in that city, received.

Moved and seconded that the communication be received and acknowledged, and inasmuch as the Board has no power over the subject matter the communication be referred to our next convention in New Orleans. Motion carried.

Appeal of Local Union No. 299, Camden, N. J., from a decision of Acting International President on their request for extension of jurisdiction, received. All evidence in the case was fully considered and it was moved and seconded that the decision of the Acting International President covering the matter be sustained. Motion carried.

Communication received from Local Union No. 20, New York City, requesting that the International Executive Board direct that a referendum vote be taken providing the authority for calling a general strike as suggested by the convention recently held in Chicago, which considered the "Mooney Case". The Board gave consideration to the following circumstances in connection with this matter:

1. That the Constitution of the International Brotherhood does not provide for the spreading of a referendum on matters of this character.

2. That the question is one that properly should be handled at a regular convention of the American Federation of Labor.

3. That the principal authority of the so-called "Mooney Convention" held in the City of Chicago was recommendatory.

In the absence of any Brotherhood law to handle the matter it was moved and seconded that the request be denied as the matter is one that properly should be considered by the International Convention and the conventions of the American Federation of Labor and its affiliated departments. Motion carried.

Communication from Bro. F. J. Harrington of Local Union No. 202, Boston, Mass., requesting that the Board extend, to those who served with the American Expeditionary Forces in the Knights of Columbus and similar organizations, the privilege of Resolution No. 4 of Official Proceedings of the Atlantic City Convention, which provides for the exemption from per capita payments of members serving in the army and navy of the Allied Forces. The Board, while recognizing that the request contains in many instances meritorious features, was without authority to amend the

convention's action. Therefore, it was necessary to deny the request.

Motion to that effect was made and carried.

Question of other trades trespassing upon our trade jurisdiction was given careful consideration and it was moved and seconded that the International Secretary communicate with all International officers, defining our policy relative to this matter, and a confidential letter of instructions be sent by the Executive Board to the I. S. concerning question. Motion carried.

Meeting adjourned to next regular session unless specially called.

Around the Circuit.

Local No 155, Oklahoma City has reached a settlement with the Oklahoma Gas & Electric Company on matter of wages and working conditions for the coming year. The wage scale agreed upon:

Foreman, \$6.50; Linemen, \$6.00; Helpers, \$4.00 a day.

Motormen, \$150.00; Chief Motormen, \$160.00; Foremen of Motormen \$155.00 and Trouble Linemen \$160.00. Battery men \$150.00 per month. Eight hour work day is provided for.

Local assisted by Executive Board member Swor.

Local No. 703 of Edwardsville assisted by Organizer Jennings has settled their differences with the St. Louis Electric Terminal Railway Company, St. Louis Electric Bridge Company and the Madison Light and Power Company. Material increase in wages and improved working conditions

were provided for in the agreement which was reached.

We are pleased to announce that after a fight of two and one-half years, a very satisfactory settlement of the strike against the Georgia Railway, Light and Power Company, has been reached. The settlement provides for a general increase of 25 per cent over the prevailing rate of wages, and a 50 per cent increase over what was paid the men when they went on strike. Greatly improved working conditions are provided in the agreement. The original eighteen men who were discriminated against are to be taken back. All foremen to be reinstated in their former positions, and all former strikers desiring to be re-employed will be put on a preferential list.

Organizer Purcell and Business Agent Pollard have worked consistently for the past two and one-half years to bring this difficulty to a successful conclusion.

IN MEMORIAM

BROTHER ALBERT C. KEPPLER.

Whereas, It has been the will of Almighty God to take from our midst in the prime of life and spring of manhood, our beloved and esteemed Brother Albert C. Keppler; and

Whereas, In his untimely taking away, L. U. No. 10, I. B. E. W., of Butler Pa., has lost an esteemed, worthy, active official and member, his family a devoted and loving husband and father, his mother, sisters and brother a devoted and true son and brother; therefore be it

Resolved, That the members of L. U. No. 10, extend to the bereaved families, relatives and friends their sincere sympathy during the sad period of bereavement; and be it further

Resolved, That the charter of our local be draped in mourning for a period of thirty days and a copy of these resolutions be spread upon the minutes, a copy sent the Workers and Operators for publication.

bereaved families of the deceased and a copy be forwarded to the Journal of Electrical

Elmer E. Drabert,
P. T. Shaffer,
W. P. Flack,
Committee.

BROTHER MATTHEW KENNEDY.

Whereas, It has pleased the Almighty God in His divine providence to remove from our midst our beloved Brother Matthew Kennedy; and

Whereas, Brother Matthew Kennedy was a true and loyal member of our union and an honest and faithful workman; therefore be it

Resolved, That we as a union in brotherly love pay tribute to his memory by expressing our sorrows of his loss and extending our deepest sympathy to his family; and be it further

Resolved, That a copy of these resolutions be sent to his bereaved family, relatives and friends, and a copy also be spread upon the minutes, also a copy be sent to our official Journal and our charter be draped for a period of thirty (30) days.

Harold M. Hamel,
Enos Morris,
B. Chambers,
Committee.

BROTHER CONRAD ERICKSON.

Whereas, It has pleased the Supreme Ruler of the universe, in His infinite wisdom to remove from our midst our beloved and respected Brother Conrad Erickson; and

Whereas, L. U. No. 24, of the I. B. E. W., has lost by his death, a loyal fellow member, a sincere and earnest worker, a true friend and brother esteemed by all; therefore be it

Resolved, That we, the officers and members of L. U. No. 24, do hereby tender to his bereaved wife and family, our heartfelt sympathy and condolence in this hour of their bereavement, affliction, and sorrow for the loss they have sustained; and be it further

Resolved, That we, the officers and members of L. U. No. 24, stand in silence for one minute; that our charter be draped in mourning for thirty days in due respect to his memory; that a copy of these resolutions be sent to his bereaved family; a copy spread on the minutes of L. U. No. 24, and a copy sent to the official Journal for publication.

E. M. Stauchfield,
Owen Hines,
E. R. Jones,
Committee.

BROTHER MAREY D. ROWLEY.

Whereas, The sudden and unforeseen call of our Heavenly Father has taken from our midst our friend and brother, Harry D. Rowley, while in the prime of his young manhood, and

Whereas, L. U. No. 24, of the I. B. E. W., has lost by Brother Rowley's death, its president, a loyal fellow member, a sincere and earnest worker, a true friend and brother, esteemed by all; therefore be it

Resolved, That while we bow in submission to He who doeth all things well, we can not but sincerely mourn his loss; and be it further

Resolved, That we, the officers and members of L. U. No. 24, stand in silence for one minute, that our charter be draped in mourning for a period of thirty days in due respect to his memory; that a copy of these resolutions be sent to his bereaved family, a copy spread on the minutes of L. U. No. 24, and a copy sent to the Electrical Worker for publication.

E. M. Stauchfield,
Owen Hines,
E. R. Jones,
Committee.

BROTHER JEREMIAH MADDEN.

Whereas, It has pleased Almighty God in His infinite wisdom to call from his earthly labors our esteemed Brother Jeremiah Madden, whose death was sudden and unexpected; and

Whereas, We have sustained the great loss of a true-hearted, brave-spirited, honest, manly man, a strong friend and efficient and faithful officer of our organization; therefore be it

Resolved, That we, the members of L. U. No. 29, I. B. E. W., extend to his bereaved wife and the children, made fatherless by the hand of death, our sincere and heartfelt sympathy; and be it further

Resolved, That this local shall, as a token of respect, drape our charter in mourning for a period of thirty (30) days, and that a copy of these resolutions be sent to Brother Madden's family, one copy for publication to our official Journal and a copy spread on our minutes.

May his and the souls of our dear departed brothers rest in peace. Amen.

Timothy Toomey,
James McGann,
John Grant,
Committee.

BROTHER C. M. SHOAF.

Whereas, L. U. No. 25, I. B. E. W., has been called upon to pay its last tribute of respect to the memory of one of its most worthy members, Brother C. M. Shoaf, our president, who passed away February 11, 1919, at Terre Haute, Indiana; and

Whereas, Brother Shoaf, harkening to the divine command has gone to that land from whose bourne no traveler returns. He was stricken down while in the flower of a useful and glorious manhood. His many noble qualities, his great unselfish character, his kindly, generous, buoyant spirit, his light heart and deep affection will ever remain fresh in the memory of those who knew him; and

Whereas, We recognize that in his untimely taking away L. U. No. 25, has lost an esteemed officer and a worthy member, the country a good and loyal citizen, the home a devoted and faithful son; therefore be it

Resolved, That the members of the L. U. No. 25, extend their deepest sympathy to the mother and friends in their hour of grief; and be it further

Resolved, That our charter be draped in mourning for a period of sixty days as a token of respect to his memory and that a copy of these resolutions be sent to his bereaved mother, also the Electrical Workers' Journal and a page be spread upon the minutes of our local.

John D. Akers,
Secy.-Treas.

BROTHER R. R. KNAPPENBERGER.

Whereas, It has been the will of the Almighty God in His most infinite wisdom to call from this world in the prime of his life our beloved and esteemed Brother R. R. Knappenberg; and

Whereas, In his untimely call, we recognize and submit to His will, still we mourn the loss of one who in life was a true friend, a loyal union man, and a workman who was a credit to the craft; be it therefore

Resolved, That we, the members of L. U. No. 34, I. B. E. W., extend to the bereaved family of our late brother our heartfelt sympathy; and be it further

Resolved, That our charter be draped for a period of thirty days in due respect to his memory, and that a copy of these resolutions be spread on the minutes, a copy sent to the sorrowing family, and a copy sent to the International Office for publication in the official Journal.

Roy Tobias,
I. V. Young,
W. W. Wade,
Committee.

BROTHER MATTHEW RAY.

Whereas, It has pleased Almighty God in His infinite wisdom to call from this life our respected friend and brother, Matthew J. Ray; and

Whereas, Brother Ray was a true and loyal brother and faithful workman; therefore be it

Resolved, That we hereby express our heartfelt sympathy to the bereaved family in their hour of grief; and be it further

Resolved, That our charter be draped for thirty days and that a copy be sent to the bereaved family and one to the official Journal for publication, and that they be spread upon the minutes of L. U. No. 137, I. B. E. W.

Bert D. Raferty,
Press Secretary.

BROTHER ASA P. TOOMBS.

Whereas, It has pleased the Almighty God in His infinite wisdom to remove from our midst our beloved friend and brother, Asa P. Toombs; and

Whereas, Brother Toombs was a true and loyal brother and faithful workman; therefore be it

Resolved, That we hereby express our heartfelt sympathy to his bereaved family in this hour of grief, and be it further

Resolved, That our charter be draped for thirty days and that a copy of these resolutions be spread upon the minutes of L. U. No. 137, I. B. E. W., and a copy sent to the bereaved family, and a copy sent to our official Journal for publication.

Bert D. Raferty,
Press Secretary.

BROTHER C. A. PERRY.

Whereas, The Almighty God in His infinite wisdom has called to rest our esteemed Brother C. A. Perry of L. U. No. 123, on February 4, 1919; therefore be it

Resolved, That the heartfelt sympathy of the members of this local be extended to Brother Perry's wife and relatives through the Worker and the Saturday Record.

T. J. Powell,
Rec.-Secy.

BROTHER JOHN D. JONES.

Whereas, L. U. No. 214, I. B. E. W., has been called to pay its last tribute to the memory of our esteemed Brother John D. Jones; therefore be it

Resolved, That we as members of L. U. No. 214, extend our sincere sympathy to his family and friends in the hour of grief and sorrow; and be it further

Resolved, That we drape our charter for thirty days in due respect to his memory and that a copy of this resolution be sent to his family and to our official Journal for publication.

Joseph A. Wright,
Press Agent.

BROTHER MAURICE ZELDIN.

Whereas, L. U. No. 343, I. B. E. W., has been called to pay its last tribute to the memory of our esteemed Brother Maurice Zeldin; therefore be it

Resolved, That we as members of L. U. No. 343, extend our sincere sympathy to his family and friends in the hour of their bereavement; and be it further

Resolved, That we drape our charter for thirty days in due respect to his memory and that a copy of these resolutions be sent to his family and to our official Journal for publication.

Bert Shaler,
C. F. McDonald,
H. H. Rodgers,
Committee.

BROTHER L. E. COBB.

Whereas, The Ruler of the Universe has called from our midst Brother L. E. Cobb; and

Whereas, Brother Cobb, although young in the local union, was a true and loyal member, beloved by his fellow workers; therefore be it

Resolved, That the members of L. U. No. 502, I. B. E. W., take this opportunity to express their sincere sympathy and condolence to the family in this hour of sorrow; and be it further

Resolved, That our charter be draped for a period of thirty days in memory of our departed brother, that a copy of these resolutions be sent to the family, also to the official Journal of the Brotherhood for publication.

BROTHERS E. B. JACKSON, A. E. IRISH, ARTHUR HUBER, AND OLEN COOPER.

Whereas, It has caused much grief among us to lose such faithful brothers, true workers as Brothers E. B. Jackson, A. E. Irish, Arthur Huber, and Olen Cooper; and

Whereas, That we are in deepest sympathy with their bereaved relatives; therefore be it

Resolved, That we will show our sincere regret by draping our charter for a period of thirty days; and be it further

Resolved, That a copy of these resolutions be sent to his beloved relatives in memory of his death.

C. A. Peterson,
P. T. Acton,
Committee.

BROTHER JOHN J. SHANAHAN.

Not gone from memory nor from love
But to our Father's Home above,
Free from all sorrow, grief, and pain
Our loss is his eternal gain.

Whereas, L. U. No. 622, I. B. E. W., has been called upon to pay its tribute of respect to the memory of one of its most worthy members, Brother John J. Shanahan, who was called from this world March 4, 1919, we are again brought face to face with the eternal truth, that life, so dear to us all, is but a fleeting shadow, here to-day and gone to-morrow. Stricken down while in the flower of useful, vigorous, and glorious manhood, a worthy member, a loyal citizen, and at home a devoted and faithful attendant; therefore be it

Resolved, That we bow our heads in silent prayer that his soul may rest in eternal peace; and be it further

Resolved, That we, the members of L. U. No. 622, I. B. E. W., extend our deepest sympathies to his family, relatives, and friends in their hour of grief; and be it further

Resolved, That our charter be draped in mourning for a period of thirty days, and a copy of these resolutions be sent to the bereaved family, a copy sent to our International Office for publication in the official Journal of the Brotherhood and a copy be spread on the minutes of our local union.

John W. Arnott,
Rec.-Secy.

BROTHER MAX KENNEDY.

Whereas, Local No. 21 has been called to pay its last tribute to the memory of our esteemed Brother, Max Kennedy; therefore be it

Resolved, That we as members of Local No. 21 extend our sympathy to his family and friends in the hour of bereavement; and be it further

Resolved, That we drape our charter for thirty days in due respect to his memory and that a copy of these resolutions be sent to his family and to the Electrical Journal.
B. Chambers,
H. Weber.

BROTHER ALEX COLLARD.

Whereas, It has pleased the Almighty in his great wisdom to take from among us our worthy Brother, Alex Collard; and

Whereas, Local 631 has lost a true and loyal member; be it therefore

Resolved, That we, the members of Local 631 of Newburgh, N. Y., do hereby express our most sincere sympathy to his widow and family; and be it further

Resolved, That we drape our charter for a period of sixty days and that we send a copy of these resolutions to his bereaved family and also have a copy spread upon the minutes of this Local.

Local 631, I. B. E. W., Newburgh, N. Y.

Whereas, Local No. 741, I. B. E. W., having learned of the loss of our worthy past president's only son, Harry A. Colton, Jr.; be it

Resolved, That the members of Local No. 741 extend their deepest sympathy to Brother Colton and his wife in their hour of grief and sorrow; and be it further

Resolved, That a copy of these resolutions be sent to Brother Colton as a mark of our respect and sorrow, a copy spread on our minutes, and a copy sent to the Official Journal for publication.

Wm. E. Scott, Pres.
Robt. H. Anderson, V. P.
Wm. B. McBride, R. S.
Willard H. Wamke, F. S.

BROTHER LLOYD F. RICHARD.

Whereas, It has pleased our Heavenly Father to call from our midst Brother Richard; therefore, be it

Resolved, That we, the members of Local Union No. 736, I. B. E. W., take this opportunity to express our sincere sympathy; and, be it further

Resolved, That a copy of these resolutions be sent to the family of our late Brother, and also one to our Official Journal for publication.

L. A. Watson, Secretary-Treasurer.

BROTHER SAMUEL DUNBAR.

Whereas, It has been the will of our Almighty Father to call from this world in the prime of his life, our beloved and esteemed Brother Samuel Dunbar, and the sudden removal of Brother Samuel Dunbar from our midst has left a vacancy and a shadow that will be deeply realized by all members of his organization; and

Whereas, The members of L. U. No. 750, lost by his death a true union man and a brother, esteemed not alone by members of his union but by all he came in contact with; therefore be it

Resolved, That while we bow in humble submission to Him who doeth all things well, we can not but mourn his loss; and be it further

Resolved, That the members of L. U. No. 750, extend their deepest sympathy to his family and relatives in this their hour of grief and sorrow; and be it further

Resolved, That our charter be draped in mourning for thirty days, and a copy of these resolutions be sent to his family and relatives, a copy be spread on our minutes, and a copy be sent to our Official Journal for publication.

O. W. Bendorf,
Rec.-Secy.

BROTHER FRANK E. REED.

Not gone from memory nor from love
But to our Father's home above,
Free from all sorrow, grief, and pain
Our loss is his eternal gain.

Whereas, L. U. No. 622, I. B. E. W., has been called upon to pay its last tribute of respect to the memory of one of its most worthy members, Brother Frank E. Reed, who was called from this world March 1, 1919, we are again brought face to face with the eternal truth, that life, so dear to us all, is but a fleeting shadow, here to-day and gone to-morrow. Stricken down while in the flower of useful, vigorous, and glorious manhood, a worthy member, a loyal citizen, and at home a devoted and faithful husband; therefore be it

Resolved, That we bow our heads in silent prayer that his soul may rest in eternal peace; and be it further

Resolved that we, the members of L. U. No. 622, I. B. E. W., extend our deepest sympathies to his family, relatives, and friends in their hour of grief; and be it further

Resolved, That our charter be draped in mourning for a period of thirty days, and a copy of these resolutions be sent to the bereaved family, a copy sent to our International Office for publication in the Official Journal of the Brotherhood and a copy be spread on the minutes of our local union.

John W. Arnott,
Rec.-Secy.

BROTHER L. J. SWAIN.

Whereas, God in His infinite wisdom has been pleased to call from among us our brother and co-worker, L. J. Swain, a good and upright boy in every sense, cheerful and willing at his work and receiving his illness in a Christian spirit; therefore be it

Resolved, That our sympathy is extended to the bereaved parents, brother and sisters—"Requiescat in pace"; be it further

Resolved, That the local drape its charter in mourning for thirty days in memory of Brother Swain.

W. C. Farnell,
Committee.

BROTHER H. W. LUEBKE.

Whereas, Brother H. W. Luebke, harkening to the Divine Command, has gone to that undiscovered land from whose bourne no traveler has ever returned. Stricken down while still in the flower of useful, vigorous, and glorious manhood; his many noble qualities, buoyant spirits, light heart and deep affections will ever remain fresh in the memory of those who knew him best; and

Whereas, We recognize that in his untimely taking away L. U. No. 654 has lost a true, loyal, highly esteemed, and worthy member; the country a good and loyal citizen, and the home, a faithful and devoted husband; therefore be it

Resolved, That we bow our heads in prayer to the Almighty God, that his soul may rest in eternal peace; and be it further

Resolved, That the members of L. U. No. 654 extend their deepest sympathy to the family and relatives in this, their hour of grief and sorrow; and be it further

Resolved, That our charter be draped in mourning for a period of thirty days as a token of respect to his memory, and that a copy of these resolutions be spread upon our minutes, a copy sent to his bereaved wife and mother, and a copy sent to our official Journal for publication.

A. H. Krantz,
Jack Allison,
J. G. Flanary,
Committee.

**City of Youngstown
POLICE DEPARTMENT**

Youngstown, O., July 17th, 1918.

PERSON MISSING

The following described boy was enticed away from his home July 15th, at 7 A. M.

Cyril Francis Callahan; 13 years old; 4 ft. 6 in. tall; 115 to 120 lbs.; dark hair; slightly curly; fair complected; good looking; blue eyes; first and second toes on each foot partly webbed.

Wore, when last seen, light cap; brown coat; pair of old long pants; white tennis shoes; light striped shirt; soft collar and tie.

This boy left in company with a man named Kelly and his son, Frank; Kelly is about 55 years old; 5 ft. 4 in.; slender; round shouldered; dark complexion, and wore glasses; smooth face; always wore blue cap. Frank Kelly about 17; 5 ft. 11 in.; also wore cap; rough face; father and son both wore heavy shoes; both cigarette smokers, and generally work around construction camps.

Should you locate boy or should you receive any information, wire to

JAMES WATKINS,
Chief of Police.

NOTICE.

Anyone knowing the whereabouts of Jos. Cashman, or if this comes to his attention, please be informed that it is the desire of Mr. Lockwood, Mother of deceased Brother A. O. Lockwood that Bro. Cashman communicate with her at She-nango St., Greenville, Pa.

M. W. Palmer, P. S.,
L. U. No. 39,
Cleveland, O.

If this comes to the attention of Lee Durkee please communicate with D. Rhoades, care of Casey Dinny, box 402, Sheffield, Alabama.

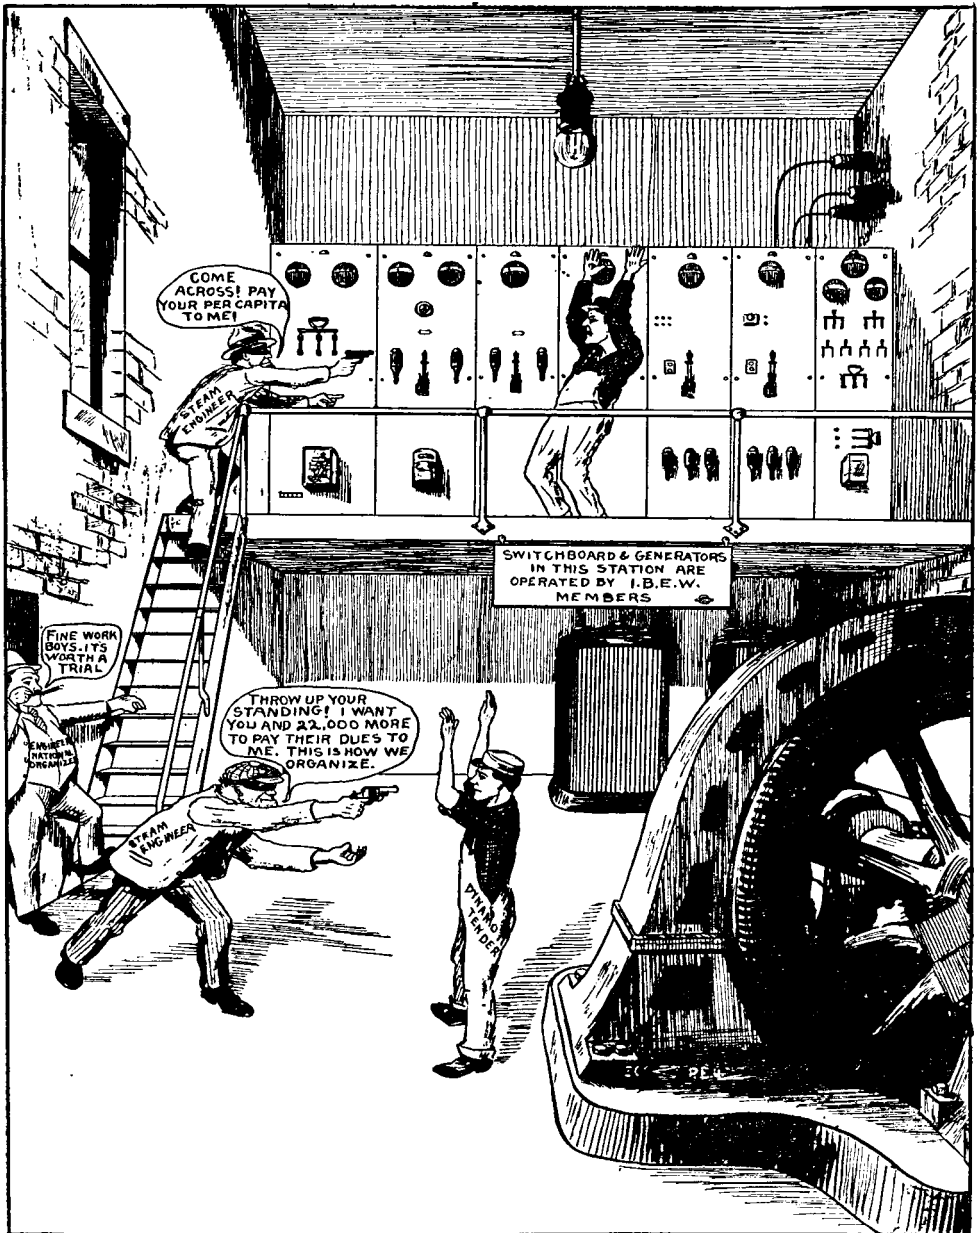

All Brothers entering the jurisdiction of Local Union No. 840 should deposit their Traveling Cards before going to work on any job.

Yours fraternally,

Kenneth D. Carroll,
Fin. Sec'y.-Treas.

We desire to inform the membership that William Viol has paid his indebtedness to No. 514, which was incurred through an assessment being levied on him during a difficulty in May, 1917. He is now a member of the Local.

D. O'Connor, Fin. Sec'y,
1223 Seminole Ave., Detroit, Mich.

NOTICES.

Owing to difficulty in our jurisdiction, and having the constitutional number of men unemployed, we have placed in force Article 14, Section 8 of the Constitution.
George G. Roberts, Secy.
L. U. No. 80, Norfolk, Va.

Anyone knowing the whereabouts of Harry M. Warner, better known as three fingered Warner, please communicate with Mrs. Harry M. Warner, 16 Dix St., Worcester, Mass. Very important.

Anyone knowing the present whereabouts of J. E. Good, former member of Local No. 98 of Philadelphia is requested to kindly communicate this information to the International Office, as we have information which is of value to him.

We desire to inform the membership of the Brotherhood that one A. L. Way, mem-

ber of L. U. No. 573, imposed upon Bro. W. L. Flannagan of Montreal by obtaining a loan from him under false pretenses and failed to repay same. The members of L. U. No. 573 have made good the amount to Bro. Flannagan and take this means of warning all members of the organization against being imposed upon by this party.
W. L. Flanagan, F. S.,
L. U. No. 573, Kingston, Ont., Can.

Anyone knowing the whereabouts of Geo. Goodwin, sometimes known as Geo. Polakewich, former member of Local No. 98, Philadelphia will kindly communicate with Mrs. J. A. Goodwin, 405 Manpos Ave., Savannah, Georgia.

Owing to the difficulty in our jurisdiction, and having the constitutional number of men out of employment, we find it necessary to place in force Article 14, Section 8.

G. W. Johnson,
Rec. Secy., L. U. 46,
Seattle, Washington.

Anyone knowing the whereabouts of A. Pederson, an electrical worker, please communicate with his brother, C. A. Pederson, Fairfax, Marin County, California.

There appears advertisements in the various papers throughout the country to the effect that linemen and cable splicers are wanted in Omaha and vicinity. We desire to inform all members that there are no jobs for such class of mechanics. Disregard such advertisements.

A. N. Murdock,
Secretary, L. U. 763,
Omaha, Nebr.

Local Union No. 211 is on strike and Constitution will be enforced.

Harry H. Freed,
Recording Secy., No. 211.

Anyone knowing the whereabouts of Orville Gilbert, formerly of Columbus, Ohio, will kindly communicate with James Prescott, care Harrison Hotel, 403 Front St., Portland, Oregon.

Traveling members must on going to work in this jurisdiction deposit their traveling cards or they will run afoul of the laws covering same which are being rigidly enforced.

J. H. Brown,
Recording Secretary.
L. U. No. 60, I. B. E. W.,
San Antonio, Texas.

Ray Walters former member of Undersigned local has been fined \$100.00 for violation of our working rules.

Local Union No. 540,
E. M. Miller, R. S.,
Quayle Block,
Canton, Ohio.

Earl Neville, lineman, card number 383423, left Jersey City owing a board bill to Mrs. (mother) Steward of 242 Grove Street. This party has two fingers missing on left hand. Any one knowing his whereabouts kindly communicate with Local 16.

E. A. Richter,
258 Barrow St.,
Jersey City, N. J.

Any one knowing the present whereabouts of John Hamilton O'Toole, will confer a favor by communicating the information to Mrs. Pat O'Toole, 207 Hill St., San Antonio, Texas.

EDITORIAL

CONSTITUTIONAL AMENDMENTS

The membership has before them for consideration and referendum action, proposed amendments to the International Constitution, which have for their purpose increasing the amount of per capita paid to the International Organization on male members.

As this question is a very important one, and one that would meet with opposition if not properly explained, we consider it our duty to acquaint the membership with certain facts pertinent to this subject, for we are confident that when the question is fully understood by the membership, they will, by their vote, demonstrate their interest and show their desire to see the Brotherhood placed upon a sound financial basis.

The revenue to the International Organization is the same now as it has been for the past six years, and the per capita now paid was estimated by the Law Committee at the Boston Convention as being barely sufficient to meet the cost of operation in 1913. It will be immediately apparent that a revenue barely sufficient to carry on the business of the Brotherhood in 1913 is wholly inadequate to meet present day conditions and has been inadequate for the past two years, as the expenses of operating and maintaining a labor organization increase to the same, if not a greater extent, as does the cost of managing any other institution.

The revenue of the Brotherhood is less than that of any other International Union of like size, whose members are classed as skilled mechanics. To give you an idea what other organizations of similar size and importance pay to their International Unions, we are quoting you the revenue to the International Organization of several unions of similar size and importance, such as the United Association of Plumbers and Steam Fitters, per capita \$1.30 per month and 40% of all initiation fees; Bricklayers, Masons and Plasterers' International Association, 90c per month; Metal Polishers International Union, \$1.00 per month; Pattern Makers League of North America, \$1.25 per month; Iron Molders International Union, \$1.44 per month; The International Brotherhood of Boilermakers and Iron Ship Builders, \$1.00 per month; Amalgamated Sheet Metal Workers International Alliance, 65c per month; International Brotherhood of Blacksmiths and Helpers, 65c per month.

There is not an organization identified with the labor movement that has so many diversified interests as the electrical workers. There is not a single line of human endeavor but what the electrical worker is essential to and interested in, which makes the Brotherhood the most difficult organization in the movement to manage. This fact alone should be sufficient to convince anyone having the welfare of the organization at heart, of the necessity of providing adequate finances if we hope to promote our interests and safeguard the welfare of the membership.

Perhaps the point could be made clear by citing a few examples of industries that other organizations are interested in and compare our own organization with them. For instance: The Iron Molders interests are practically all confined to the foundry industry; the Machinists interests are largely centered in the manufacturing, railroad and shipbuilding industry; Bricklayers interests are almost entirely confined to the Building Trades industry; the Carpenter primarily is a Building Trades organization with interests in the shipbuilding and manufacturing industries, while the interests of the Electrical Workers are fully as great in the industries

named as the organizations mentioned. In addition we are interested in the Light and Power, Telephone and Telegraph as well as the maintenance, operation and repairing of the electrical equipment in every branch of commercial and industrial enterprise.

The Electrical Workers problems are more complex and larger in number than those of any other craft, yet our organization employs fewer representatives to take care of its business affairs than any one organization of like size affiliated with the American Federation of Labor.

In addition to our natural functions of promoting the general interests of the members and obtain proper wages and working conditions, we are called upon to fight that element in the labor movement known as trade pirates.

There are at the present time five organizations of labor who are endeavoring to appropriate for themselves very important branches of our trade. To successfully combat these trespassers upon our rights requires time of the officers and membership and also causes financial expenditures which our laws do not contemplate. The representatives of these organizations have little else to do but devote their entire time to fighting the Brotherhood and the membership of those organizations is assessed regularly to provide money to wage the fight against us. One of these organizations has levied a \$10.00 assessment for the specific purpose of fighting us. Against these invasions the Brotherhood's representatives must defend our rights; at the same time carry on routine business.

The impossibility of successfully handling all these situations without money or sufficient representatives should be apparent to everybody. To meet these situations in the proper manner and with a reasonable degree of success, the membership must provide the necessary revenue that will permit the employment of a sufficient number of representatives to adequately look after our affairs. During the wartime situation, when every other labor organization increased the number of representatives they employed, the Brotherhood, owing to lack of finances, was required to discontinue the services of several. This, notwithstanding the fact that the past two years has presented the most favorable opportunity that ever confronted organized labor to promote the work of organization among the unorganized workers.

In spite of these handicaps, our organization has doubled its membership within the past two years. Some may be inclined to think that a doubled membership means doubled revenue, which is true, but do not lose sight of the fact that doubled membership means doubled expenses in the administration of the Brotherhood's affairs, so, consequently, the added membership does not nor will not provide the necessary financial relief.

Another fact that must not be lost sight of is that over ten thousand of our members served their country in the world's war. These members were exempted from all payment to the International Organization during the period of their service. This reduced the revenue to the International Organization somewhat over \$5,000 per month. In addition, the cost of everything used in connection with handling the Brotherhood's business has advanced; this includes railroad fares, hotel expenses, postage, telegraph and telephone bills, printing, salary of office employes, rent, light, paper and stationery. Every single item has advanced from 30 to 75 per cent.

Another serious inroad was made in our finances by the "flu" epidemic during the months of October, November and December. Over \$49,000.00 was expended in the payment of death benefits. This represented an expenditure that would ordinarily cover a two year period. These series of unusual circumstances has placed our organization in a dire financial condition and there is only one source of obtaining relief and that is by the membership amending our laws to increase the amount of monthly

per capita. Some may be inclined to question the necessity of this increase. Those who do, either do not understand the situation or else are indifferent to the organization's welfare; others may suggest that assessments be levied. Assessments will not provide permanent relief and if we are to progress and retain our proper place in the labor world, permanent relief is imperative.

A great many locals and thousands of members recognized the situation and were moved to propose the amendments to our laws that will provide relief. Your officers would be unmindful of their duties if they did not voice the true state of affairs and urge favorable consideration of the amendments. We well know there will be members who will raise the old stereotyped cry of extravagance—the officers want more money to ride around the country on—but we also know the vast majority of members are thoughtful and fair minded and know full well the reasons necessitating the increase are true.

We therefore appeal to the members to consider seriously this question and discard forever the notion that labor organizations can exist during war and post-war times on revenue that barely provided a state of existence during normal times.

The membership expects and is entitled to receive prompt and efficient service from the International Union, and the International Officers desire to give such service, but with over 900 Locals situated in all parts of the United States and Canada, it is absolutely impossible for the present force of officers and a reduced staff of organizers to give all matters as prompt attention as they would personally desire, and as an illustration of this particular condition, there is now on file requests from 117 different local unions for the services of an organizer beginning with the first of May. To meet these requests and those that will be added, day by day, we have less than twenty representatives.

In fairness to all concerned, these requests will receive attention in the order they were filed, consideration, of course, being given to the importance of any one particular situation and matters of difficulty having preference over general organization work.

The members, and they alone, can provide the relief. We are confident they will, and most sincerely urge that they do so.

TELEPHONE SITUATION Our future course in dealing with the telephone and telegraph situation will be determined by the result of the referendum vote now being taken on this question. The officers of the Brotherhood, while continuing their efforts to obtain action from those in charge of the telephone and telegraph systems that will provide a just and sensible method of handling the labor situation in these industries, considered the point had been reached where expression of the feelings of the entire membership was necessary, therefore submitted the question to the membership for their consideration.

This subject has been presented to the membership in an unbiased manner; no attempt to influence one way or another; just the simple facts for their consideration.

The Brotherhood has been patient and tolerant with those in charge. Even the most flagrant discrimination against members for exercising an

interest in the welfare of those they are associated with, have not influenced us to be stampeded into striking, as we still have hopes that all grievances may be adjusted in an equitable manner by those in charge.

However, our hopes should not blind us to the possibility that those in authority may still continue to adhere to their present policy. In this event we hold grave fears for the future, in so far as being hopeful of preserving industrial peace in these industries.

Should trouble result, we can feel conscience free as to responsibility for it, and it is our duty to inform the public in the fullest sense where the responsibility rests.

We have appealed to the officials of the companies, to the Postmaster General of the United States, Department of Labor, and to every other known agency; even to the commission appointed by the Postmaster General, which was supposed to investigate the question of wages and working conditions in the telephone and telegraph industry. This commission represents the nearest approach of any machinery for the handling of grievances, matters of wages, working conditions, etc., that has been created since the Government took over control of the systems, but was so restricted in authority that it was rendered impotent, and the only member of the commission appointed to represent the organized telephone and telegraph workers, Miss Julia O'Connor, President of the Operators' Department, was forced to resign from the commission in order to keep faith with those she was appointed to represent. Quoting briefly from Miss O'Connor's letter of resignation to the Postmaster General, the general inadequacy of the commission is shown. She states "that to retain membership would amount to a serious betrayal of the rights and interests of my fellow workers". She also states "that the committee's one consistency has been hostility to the organized telephone and telegraph workers".

The matter was placed before President Wilson during his brief stay in the country after his return from Europe, but his time was so fully occupied that the only action he could take was to refer the matter to the Postmaster General. We are hopeful that perhaps some recommendations were made by President Wilson that will have a modifying influence upon the director in charge of the administration of the telephone and telegraph lines.

Consideration should be given to the fact that the members of the Brotherhood are but a part of the people of this country and that we must have the sympathetic understanding of the country if we hope for success, and we must show the public that we are shunted around from company managers, who claim lack of authority, to a director general, (in theory a public servant), who denies employees the right of collective bargaining.

Probably the first move by those opposing our efforts will be to assert that the Brotherhood is attempting to defy the government. That is not in the slightest degree the actual intentions. The Brotherhood is only trying to obtain for the membership common and generally recognized rights which have been denied after repeated requests.

This question is now before the membership for their consideration and final decision. This decision should be reached only after calm deliberation.

ANOTHER SHATTERED IDOL

Local Union No. 77, Seattle, Washington, is suffering the loss of an idol, an individual who promised anything that might appeal to those he was supposed to represent and whose one favorite pastime was to tell the members what a superior minded man he was and elaborate upon his interest in the down-trodden toiler and picture most eloquently his honesty

of character and his many, many sacrifices in behalf of the down-trodden proletarian. He showed up the dishonesty, incompetency and non-progressiveness of the officers of the Brotherhood and the general labor movement, and at times when members of the Brotherhood were not around to hear he devoted his time to conspiring with the representatives of the Steam and Operating Engineers to assist them in obtaining jurisdiction and control over a large part of our trade and membership in the Pacific Northwest, and, we are informed incidentally, did not overlook the importance of collecting tithings from those he was associated with or came in contact with. This individual, Leonovitch Butouski, alias Leon Green, whom we are advised is now a fugitive from justice, dodging the Department of Justice for violation of espionage laws, hiding from the Department of Labor, which seeks to deport him as an undesirable alien, is representative of quite a number of progressive(?) minded individuals who have inflicted themselves upon the American Labor movement and have been quite successful in many instances, in working up trouble and causing strikes in order that they may have an excuse to take up financial collections for personal gain and at the same time promote the theories and policies which they claim will free from wage bondage the workers of the world.

It is such individuals who are responsible for a large percentage of industrial strife. We know them from years of experience. You can generally tell them at a glance, but you are absolutely sure of their calibre if you hear them talk for five minutes. Where they are successful in bringing about strikes when it is seen the difficulty is doomed to failure they immediately endeavor to "get out from under", and it is then they find the International Unions and officers thereof of some real value, for it is upon the International organization and officers they then try to shift the responsibility for their failure.

After wrecking conditions in any locality they immediately pull their freight and leave the homeguard to shift for himself, but before seeking new fields they usually, with some degree of success, convince their deluded followers that had they received proper support from the International organization the difficulty would not have failed, thus leaving poison in the minds of the local members, who will continue to believe until the situation is properly explained to them that they had been forsaken by the International organization and neglected by the officers.

When such individuals are finally brought to the bar of justice, the cry of martyrdom is raised, and again the members of organized labor are imposed upon to save the dear unwashed brother from capitalistic persecution.

The manner in which members of organized labor fall for such would really be humorous if it were not productive of such serious results.

THE SEATTLE FIASCO

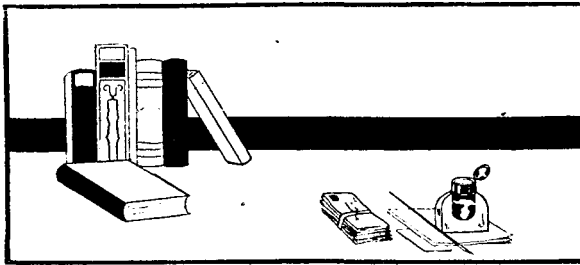

Direct actionist, labor radicals, Bolshevik advocates and I. W. W. exponents had their inning in the recent Seattle difficulty and gave a concrete demonstration of the impracticability of their methods and theories. The experience this situation provided the working people of the Pacific Northwest, while costly to them, will without question prove highly beneficial to the workers in the future, and we venture the opinion that it will take something stronger than the exhortations of such agitators to again stampede the working people of Seattle or any other locality into a general strike.

The phrase "general strike" is very high sounding and has been the solution for industrial ills advocated by a certain element of agitators, whose principal concern is not the permanent good of the toiler but rather the promotion of their pet theories and the fattening of their personal purse. The impracticability of the general strike, other than in some one

given industry or industries associated therewith, has been voiced by all sound-thinking labor men who realize such movements are bound to fail by the starvation route.

If general strikes are to be as those who advocate them dream them to be, every man and woman in all industries ceases to work. Then what happens if all respond? Every line of industry stops, which means no transportation facilities freight or passenger, no foodstuffs, no fuel, no light, no heat, no water no nothing except the activities of the inner man. This keeps on working and requires the attention of the food producers, the fuel producers, the clothing producers, etc. General strikes do not stop the appetite in the human body for food nor the necessity for heat to keep it warm; consequently the poor proletarian suffers just as much as the bourgeois and after a few short days the participants in a general strike begin to reflect and gain possession of a sober mind; they then awaken to the fact that no work by all means no eats for all, and that the braying of their mulish leaders was productive of no results other than to make a lot of donkeys of all. Such experiences leave a sadder and wiser group of citizens and another carefully varnished theory exploded.

Theories, after all, have only an experimental value and are worth whatever amount of practicability they possess.

Correspondence

L. U. NO. 1, ST. LOUIS, MO.

Editor:

Local No. 1, at their election for the first half of the year 1919, elected the following officers.

Business Agent—James F. McGinn.

Executive Board—Wiremen: T. Callahan, W. Clemens, John O'Mara, A. Smith. Fixture Men: A. C. Pelchman, J. Probst. Maintenance Men: Ed. Gibson, P. McClain. Local Delegates to Building Trades Council—James Casey, H. Keonig.

Delegates to Central Trades and Labor Union, St. Louis—H. J. Morrison, M. A. Walsh.

Delegates to C. T. U. and B. T. C. of East St. Louis—T. Mendenthall, Ed. Hill, M. Hennessey.

Delegates to Tri-City Council—E. H. Taylor, H. Perry.

The officers elected for the first term are as follows:

President—Dan Creedon, No. 2.

Vice President—H. Keonig, No. 1.

Secretary-Treasurer—O. J. McSpadden, No. 607.

Executive Board—J. B. Hayes, Local No. 1; Dan Knoll, Local No. 2; Bert Reed, Local No. 309; O. J. McSpadden, Local No. 607; ——— Noska, Local No. 624; ——— Sprattling, Local No. 703.

It is hoped to bring the different Locals in closer touch with each other, to harmonize and stop jurisdictional disputes.

We have a new Local in St. Louis—No. 888; a railroad system local of employees of the Terminal Railroad Association of St. Louis. From reports the new local has plenty of union spirit. Its present members have been members of other Locals, and with the additional railroad workers who will become members under the ruling of the Railway Employees Department, Local No. 888 promises to be a real Local.

Work in St. Louis is scarce and traveling Brothers are again advised that we have a large number of men out of work.

St. Louis newspapers announce that W. C. Rodger, formerly Major Rodger, chief of the Mediation Department of the War Department, known to us as of Wagner Electric Company strike fame, who was instrumental in inducing the men on strike to go back to work by promises that the Wagner Company had agreed to arbitrate but the Wagner's part proved to be a mere scrap of paper, has, since he left the Government service, stepped into the position of vice president of the Manufacturers' Association of St. Louis. The article also states that he held a similar position of activity in the East before he went into the Government service.

No doubt all of the Brothers have heard the letter from the International Office, date of January 31, 1919, read in their Local. If not, it's worth your while to do so and help the I. O. as they request, if you can, for if the steam engineer can claim jurisdiction over crane men, switchboard and substation attendants and get them out of the Brotherhood, you nor no other Brother can tell who will be the next organization who, seeing themselves slipping, will try to recuperate at the expense of the I. B. E. W.

The Steam Engineers' jurisdiction, as filed with the B. T. C. Dept. of the A. F. of L., claims the operation of steam, marine, portable and electrical engines and boilers and any machine that may take the place of the steam engine. Sure some claim. "Electrical engine" and "any machine that may take the place of the steam engine." How long have these words been in their jurisdiction?

How many engineers of a few years ago, who felt themselves secure behind a city or state license based on their knowledge of B. T. U.'s in coal, or how many pounds of steam a certain boiler could stand, or how to set the valves on an engine, all fastened to or very close to the ground, or even below it, ever by the wildest flight of imagination pictured themselves flying back and forth along a crane runway or setting out in a substation on an electric line with the green field about them, maybe twenty miles from the smoke of an engine, putting in and pulling out switches on lines from a waterpower generating plant?

What can the steam engineer offer the crane man or switchboard man when he gets out of a job? A large percentage of these men were electrical men before they entered into their present work.

The United States Railroad Administration, in supplement No. 4 of general order No. 27, in classifying employees, gives the electrical worker the installing and maintaining of all generators, motors, transformers and the operating of cranes and substations.

What a powerful weapon this kind of legislating by the A. F. of L. gives the employer to profit by disagreements among the crafts.

With the cry of the times of "democracy" and self-determination of the people to representation as to how they shall be governed, did the ones who made this decision consider whether these 30,000 men wanted to go to the engineers?

Another letter from the International Office, enclosing the referendum on the raise of per capita sure ought to have the unanimous vote of the membership at large for in the past year or two a great part of the members have received increases in pay, and where that increase has been \$1.00 per day, the 20 cents per month figures about eight-tenths of 1 per cent for the I. O. To the member or Local that hasn't had an increase or has been on strike, probably knows that the I. O. was unable to help them as they should have been helped, on account of the financial condition of the I. T.

So, Brothers, think it over well and show your International Officers you are back of them by making the referendum 100 per cent for the raise.

George Steel and Dell Todd are back among us from Washington, D. C.

William Downes has returned from work with Steward & Co. in France. He was there a year.

It's sure good to get back to St. Louis—yes?

J. B. Hayes,
Press Secretary.

L. U. NO. 10, BUTLER, PA.

Editor:

No. 10 has not been heard from through the Journal for quite a long time so possibly the Brothers would be glad to see a short writeup at this time, especially since the Local has grown to be an important factor among the organizations in Butler and I might say Western Pennsylvania as well.

The past year has been an active one for our membership roll has been increased some two hundred and fifty members and each meeting night finds a new class of candidates in waiting.

In fact organization among all crafts in the Butler district has been very rapid all during the year with the Brotherhood of Machinists in the lead and the I. B. E. W. a close second.

For the past several weeks a committee for National Organization of Iron and Steel Workers has been in Butler handling the iron and steel situation and have succeeded in stimulating a great deal of interest among the unorganized as well as the organized crafts and although the odds are against them owing to the after war slump in manufacturing circles, they are meeting with good success and have already organized the workers into a strong local organization.

Employers in all lines of work in the Butler district are fast realizing that their stand against organization among their workers is a failure and only tends to greater friction between them and the worker consequently the day is not far distant when collective bargaining and recognition of trade unions will be known in all classes of industry.

New schedules of wages and working conditions were presented the management of the two larger industries in the city, namely the Standard Steel Car Co. and The G. A. Spang & Co., some months ago, covering the machinists, moulders and electrical workers and while these concerns refused to grant any changes in their working conditions the workers remained on the job until all war contracts were filled and now that the slump has come and a vast number of the workers are laid off the hope of forcing the issue is deferred until industrial conditions become normal.

A number of the members of No. 10 have left the city in hope of finding the demand for electricians much better outside but as the depression is more or less general all over the country at this time they will no doubt all return for it is generally conceded that all departments of the big plants here will be running in full within a very short time.

Inside men employed by the city contractors have not suffered much so far but should the depression continue for any length of time it is possible that the gangs will all be cut down. However this does not appear probable as the building trades are beginning to take on new life and the outlook is anything but discouraging.

We are glad to welcome the return of some of our Brothers who have but recently returned from overseas duty, the last to report being Brother George McGowan who arrived home February 8th. Brothers Haag, McCune, Patterson, Black and several others not yet reporting. So far as known none of our soldier members made the supreme sacrifice or were much injured although they most all saw actual duty at the front.

The influenza took a much heavier toll from our ranks than did the war for up to the present time three Brothers, Keppler, Nixon and Cook, have fallen victims to its ravages and some seven or eight others seriously ill at this writing. Unfortunately neither Nixon or Cook were eligible to death benefits while Keppler was O. K.

for \$100 with his wife and two very sweet little girls appreciated receiving from the I. B. E. W.

Brothers it certainly pays to keep in good standing at all times and above all don't merely be card members but be true blue UNION men if you are men at all. Attend the meetings of your Local, take some part in the proceedings and be willing to shoulder some of the responsibility.

It is decidedly unfair, Brothers, to remain away from meetings and then find fault with what goes on at those meetings. If you think affairs are not going along right get out to the meetings and use your influence to see that they do go right. The officers of a Local cannot do it all, they must have the co-operation of all the members to successfully conduct the affairs of the Local.

This fact was clearly brought out in an address by International Representative, Brother H. H. Broach at our last meeting February 25th, he having advised us that he would be in Butler for that meeting just a few days before. His address was timely and to the point for Brother Broach is an able speaker, full of pep, and made a decided impression on his hearers. A special meeting was called for Saturday, March 1st, when we again had the pleasure of hearing him make one of the best addresses ever made to our membership by a Brotherhood Representative. His address was rather short on account of him having to leave the city on an early train, but he sure did say a lot in that short time of vital importance to the craft and which will go a long way toward stimulating new life in No. 10. A few more talks like these from one so able as Brother Broach will put some real "ginger" in our entire membership, just the thing that is so badly needed at this time. He promises to return to Butler in the very near future, if not taken away from this territory, and I assure you his return will be welcomed by every member. Several vacancies in our roll of officers were filled at this meeting and all indications are favorable for a prosperous future. No. 10 will certainly be heard from through each issue of the Journal from now on, for the writer will make every effort to have a writeup in one time, and it is hoped that every member will become a subscriber for the Journal. I might add that a Journal subscription campaign will be started at our next meeting and the slogan will be "every member a subscriber." If this article is not too long I trust the editor will pass it for publication.

W. P. Flack, P. C.

L. U. NO. 12, FUEBLO, COLORADO.

Editor:

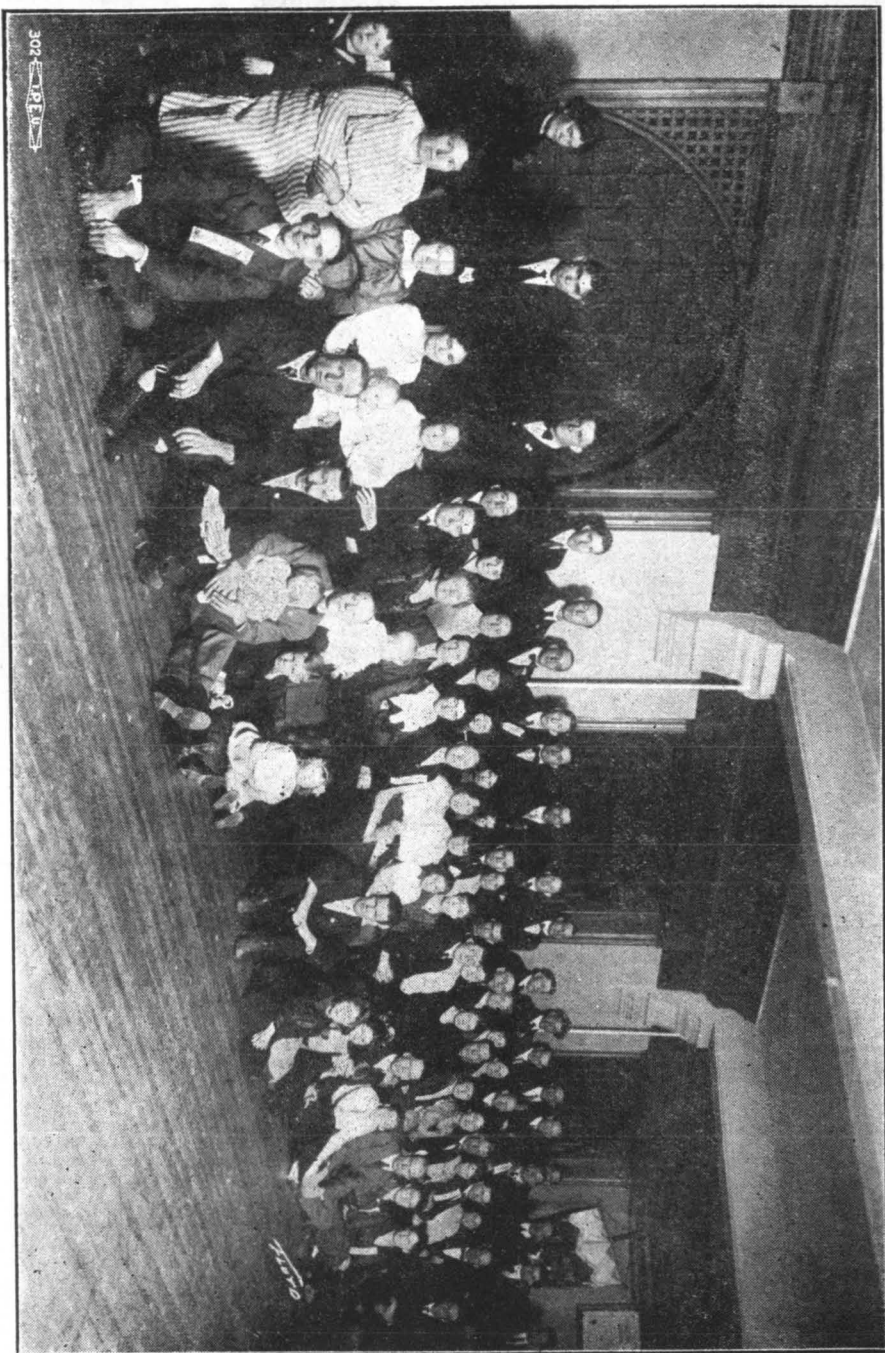

Since our last appearance in the Electrical Worker we have made considerable progress along the line of new members. During the past two months over one hundred new members have been obligated. The majority of the new members being employed at the steel mill. At present we can claim at least 100 per cent strong in the shops and 90 per cent on the outside workers.

While there are a few who can not see any benefit to be obtained by joining the Brotherhood, we hope to be thoroughly organized before our Charter closes, Apr. 6, 1919.

The stationary engineers are making a determined effort to get what cranimen we initiated which amounts to about sixty.

The cranimen all wish to stay with us and have nothing to do with the engineers.

Enclosed you will find a photo taken of the dancers at our dance given by the local for members only on March 1, 1919. We enjoyed ourselves immensely. Re-

DANCE LOCAL 12, PUEBLO, COL.

freshments were served by the ladies.

In this issue of the Worker if you will send a few extra copies, I am sure they will be appreciated and all will be looking forward to its publication later on.

Respectfully,

Harry T. Rainey,
Press. Secy.

L. U. NO. 17, DETROIT, MICH.

Editor:

After several months of negotiations with the Michigan State together with Government and City Officials the following wage scale was adopted for Telephone employees in Detroit and vicinity.

P. B. X., Troublemakers, Installers and Testmen, 74 cents per hour; Splicers, 70 cents per hour; Linemen, 62 cents per hour; Instrument installers, 68 cents per hour.

The scale asked for was a flat rate of 87½ cents per hour for all journeymen, but owing to the fact that we lacked thorough organization we were compelled to accept the above scale a 14 per cent increase. A further increase for splicers and linemen is expected however and the question is now in the hands of the Government and a local committee. Conditions are about as good as most places. 48 hours per week, no lost time, double time for Sundays and holidays and double time for all time started after 12 P. M. Time and one-half for all overtime.

During the past three or four months we have taken in over 400 new members, making the Telephone job somewhere around 80 per cent organized, all small towns within 60 miles of Detroit are about 95 per cent organized who are members of L. U. No. 17. On and after April 1st, 1919 our initiation for journeymen will be \$50.00 and for apprentices \$25.00. It was not the motive of the sponsors of the higher fee to erect a fence around 17, but to try and keep our new members in long enough for the ink to have a chance to dry on their card. With two months time to work in the organizing committee, together with the active members feel capable of getting in the rest of the stragglers. We spent considerable time and money on the Telephone Operators but were not successful, owing to the lack of an experienced Lady organizer and the successful coercion by the Telephone Co. Temporarily we have been beaten but he who laughs last laughs best. The Edison Company and Three City Departments are paying \$6.00 per day for all journeymen, \$46.00 per week for foremen, and an additional 10 per cent to emergency men. A 48 hour week prevails. At present all members are working and we have been able to place all of our boys who have been fighting with the colors.

We lost three of our members during the month of January from the effects of the Flu. Brothers E. Vyse, E. Cook and L. D. Hamilton.

Brother E. J. Brennan has been elected President to fill the vacancy caused by the resignation of Brother Geo. Harrison. Brother J. E. Haas was elected Financial Secretary to fill the vacancy caused by the resignation of Wm. Kellman. Our meeting night has been changed from Friday of each week to Thursday.

On Monday evening, February 3d, we gave a pedro party and dance which was a success in every sense of the term, and expect to give another one this winter. Our cord pile contains nearly 900 members and the prospects for a greater number look good.

Wm. Frost,
Recording Secretary.

L. U. NO. 21, PHILADELPHIA, PA.

Editor:

Will start another circuit here and hope to have everything in good running conditions when I close this lope.

In my last letter telling you about the Smoker we were going to have, we had the Smoker. We had a good time, but am sorry to say that our members didn't show up. That is a few were there and the majority off. Non-Union men were there which I think we will have in the I. B. E. W. before many months, as they seemed to be well satisfied with the way the committee handled the Smoker. There was plenty of (beer) and eats and the talent we had was good but our own membership was a very poor attendance, but those that were there had no kick on the committee.

We also voted on Government Ownership of Railroads during the last month, but I see in one of our papers that the Government is going to leave it go back to the Private Ownership again, which will make it bad. What I mean in my own sight a general railroad strike.

We have quite a few in France as yet, but expect them home in the near future. We have heard again from Brother C. Galon. He has been wounded and Brother John Garrety is also wounded, but have not heard anymore from him lately.

We also lost our brother, Matthew Kennedy. He was sick for quite some time at Conshohocken, where he had toiled daily. He is known in and about that place and Norristown more so than here, but we also miss his loss just the same.

Here is hoping to read about the other Locals on a General Strike for Thomas Mooney on July 4th. Let us be strong on turning out for Brother Thomas Mooney and his associates for a new trial or freedom.

Will close the circuit here with best wishes to the Brotherhood.

H. Weber,
Recording Secretary.

L. U. NO. 23, ST. PAUL, MINN.

Editor:

Please acknowledge receipt for the strike committee the following donations:

Local No. 744.....	2-6-19.....	\$ 5.00
Local No. 98.....	2-7-19.....	100.00
Local No. 234.....	2-7-19.....	7.55
Local No. 205.....	2-9-19.....	15.00
Previously acknowledged.....		5,522.69

Total received by the strike committee of Locals 23-24-88a-89a..\$5,650.24

The locals called off the strike on the 2-9-1919, with the hope that the Grand Office will put thru some of the plans that Brother Broach spoke of before leaving here. It was a great fight while it lasted, but the Post Office Department was too big for us. At least the Companies blame the Department and we are in doubt as to who is running the affairs of the telephone companies.

We hope to maintain our organizations as well as they were before the strike, as all were returned to work. No. 23 gives Brother Broach a great deal of credit for his work here, and when the time is ripe, we want him to return here, as everyone has a great deal of confidence in him, as he secured results. Well will close the switch now, and will give you more news next time. The next time we hope to have a new local here. The railroad section of No. 23 is talking of getting a charter. With kind regards to all, I am

Fraternally yours,

Casey.

L. U. NO. 24, MINNEAPOLIS, MINN.

Editor:

Brother Woodward of No. 23 has reported on the Twin City Strike up to February 1st; therefore, I will carry on. At this point we had been out two and one half months and the morale of our people had been the best we ever saw. However, with all the help we received from our own locals and the general Labor movement, as well as tag days, and dances, we were unable to finance the strike as it should be.

We had with us Brother H. H. Broach, who came here at our request to help carry on our organization campaign, and believe me, he is some organizer. We are frank in saying that his services were of the greatest value to us. Although we were unable to get from Mother Bell all that we wanted. We have a splendid foundation on which to build, due to the efforts of Brother Broach. We believe that he put his best efforts into this fight, and honestly and sincerely did his best to bring this struggle to a successful conclusion.

When he was ordered to Pittsburg, we were much disappointed, but went on and did our best. The Companies were placed on the unfair list and all union men requested to remove telephone service, and a large number of phones were ordered out. Through the able assistance of Brothers Thompson and Spielman of the Minneapolis Trades and Labor Assembly, we were able to get an understanding embodying the same terms as those accepted by the joint meeting on December 5th. Also that there would be no discrimination against union men, and the committee with Chairman Eggleston of the Civic and Commerce Association to act as a grievance committee and adjust all grievances between ourselves and the Company in Minneapolis.

I requested Brother Woodward to try and establish similar machinery for St. Paul, and I understand that all of our people are doing nicely in St. Paul. We cannot say as much here as we have ten men and one girl under bail to the Federal Court, and to date the Company has not taken them back. A few are working elsewhere, and we are trying to raise money to care for those who cannot find employment elsewhere. We expect to take care of them and see that they are properly defended, and will gratefully appreciate any contributions that may be sent in.

I desire especially to appeal to those local unions that have not as yet contributed to this fight which I am sure you will admit is the largest for some time, with the Twin Cities fighting a national proposition. We need and must have sufficient funds to take care of the people who have fought the battle and have been singled out as goats by the Companies. Attorneys fees are high and I am sure the brotherhood will not stand by and see these locals die for want of support.

Brother Woodward has resigned so all contributions should be made payable to the Electrical Workers Strike Committee, 212 Dakota Bldg., St. Paul, Minn.

Yours fraternally,

E. M. Stanchfield,
Financial Secretary.

L. U. NO. 26, WASHINGTON, D. C.

Editor:

Those who came to Washington, while the war work was on, know what a mass of people were here and the hard time some had to get lodgings.

They saw a city much overcrowded and poor accommodations at any price.

No doubt many of the Brothers were glad to get back home and enjoy once

more a good meal. The one place in the world noted for a good table.

His mind no doubt, now and then in riotous contemplation, reverts to the hash houses, and he believes he has fought a harder battle than with the Huns.

All large and small cities are good and virtuous until some big crowd blows in, and then the difference is in the amount of money they can spend. I do not know if I have made a true analogy of this, but you all know how big crowds are fleeced everywhere.

With the big push gone from our little borough, there remains yet probably about 125,000 in excess of the normal population, and even at that they are quite an addition to our 400,000.

The announcement of the signing of the armistice, had an immediate effect on all war work, first in reducing the hours to eight, restricting, or curtailing and in some instances, abandoning projects already under way or nearly finished.

As a direct result, those who were obliged to send money home, and yet pay their expenses here, found it impossible, and either left for other parts, or went back to their own town.

Recent acts of Congress authorizing the completion of especially, the housing buildings, and included some 250 two-story residences for the war workers, forms the bulk of the work now on hand, and has kept the remaining electricians going.

Aside from this there is very little, if any, building work going on, and in fact it will dwindle gradually until about April or May, when the construction work will begin in earnest, and Washington expects to see good times.

From my talks with business men of Washington and what I have read from men prominent in the financial world, it is safe to say the whole country, will experience a prosperity never before known.

The reaction of the war, at least the strain of war must be felt, and it will probably last until Spring. It perhaps won't hurt the working man much more to remain an "Oliver Twist" until then, unless we haven't made our bit during this war.

When we look at things squarely, there is every reason to expect better times than we have had, at least in the last five years.

There is a larger per capita than the country has even known, and that in itself is a guarantee of better times.

Like the sap rising from the root, then through the trunk, and thence out to the minutest tip end of the branch of the tree, so will the enormous sums of money spent here by our and the different Governments find its way to the people in the smallest hamlet.

Before closing my letter, I want to write of a matter so closely aligned to true brotherhood,—to an attribute we all preach of an extol,—a cultivation of which must be our aim, and in doing it we should not want any special notice—it is a plain thing prescribed by precept and resolves itself into what we call duty. I refer to the square deal Local No. 26 gave visiting brothers, and I only speak of it, because I have been requested by a number of the visiting brothers, however it is a good thing to say that, "We tried our best to give you a square deal." If we say it without boasting, it sounds good, to everyone.

In a previous letter I stated I would write something about the war buildings, their construction and etc. I will try to write something interesting to those who have not seen them.

Fraternally,

John L. Rosser, P. S.

L. U. NO. 28, BALTIMORE, MD.

Editor:

This being my first offense, I will endeavor to let the brothers at large know something of old 28, since it has been so long since she was represented in the Worker. The members of 28 and the visiting brothers had a very prosperous year, from the fact that we were lucky to be situated in the heart of an enormous amount of cantonment and Government work; and I will add here that every job was a strictly closed one from start to finish, except the Aberdeen job, which started with "skates," and they fell down and we took the work up and carried it through until it was taken over by the Quartermaster Department to complete. The job is about 30 miles from Baltimore, and our agreement called for 75 cents an hour, board or travel time and expenses, which we had during the life of the contractor; but the Government heads seemed to want something different and offered 95 cents an hour without board or travel time, which we did not accept, consequently we were forced to pull the job, our boys being out about two weeks. Then the Government officials saw fit to comply with the agreement and everything went well for a while, when they decided to put the job under civil service; again they refused to comply with the agreement, consequently we were compelled to pull the boys off again; but we are in hopes of finishing the job under proper conditions eventually. The ultimatum has just been delivered by the Bakers-Gompers committee that the work will be completed under the original agreement, carrying 75 cents an hour and allowance for board, expenses, etc. The Army officers at Aberdeen attempted to use enlisted men of the Army for the work on the promise of discharge for all who would work for a period of 90 days, thereby forcing the soldiers to compete with civilian mechanics and, figuratively, cutting their own throats also. This has now been prohibited by Secretary Baker, and was done originally by the officers in command at Aberdeen without knowledge of the Washington authorities. The membership at large should lodge vigorous protests with the proper authorities against use of soldiers in competition with craftsmen who are earning their livelihood by their labor and who are supporting the Government in all ways. We had to call the boys out of the Bethlehem Steel job on account of the contractors, Irwin & Leighton, not complying with an agreement signed by their superintendent, who happened to be a member of No. 3. We had also, through the Building Trades Council, to declare the Consolidated Engineering Company unfair, and four of its jobs in this jurisdiction and two in Virginia were pulled on February 23.

We are in the midst of an organizing campaign, with the motto "Baltimore—One Hundred Per Cent Organized by June 1, 1919," and I think every member is taking more or less interest in the campaign. We have some pretty tough propositions ahead of us, but they are falling gradually—at least fast enough to spur on the organizing with more steam. At the last election of officers, there was almost an entirely new set of officers elected, comprising the young and vigorous timber of the organization, with the older and well-trained members backing them in every way, and every move of the organization is purely democratic. To show you we are trying to keep abreast of the times, we have just bought a new 1919 car for the use of our business agent, E. Bierty, who, by the way, is a corker. He is ever on the job, is well posted and ever alert and has proved equal to all occa-

sions since his election about eight months ago. We are affiliated with the Building Trades Council and the Baltimore Federation of Labor, and I will say that the affiliations are producing results. We have several shipyard jobs in the jurisdiction, and they have all been fair and closed jobs; but under slight variations from our agreements. We understand the Macy board will cease to exist on March 31, 1919, and we then may be able to bring them up to standard. Our work with the contractors is somewhat dull at present; there is not quite enough work to go around, but some of our boys have gone to nearby towns, consequently other than those temporarily tied in by the jobs we have pulled (above mentioned) we have not so many members out of work as compared with other locals we hear from. I will say that the International officers have granted charters to two railroad locals in Baltimore without the sanction of Locals 27 and 28, and we are jointly protesting this action.

Yours fraternally,

S. J. Corron, Press Secy.

Local 28, 1907 Bentalow St.

L. U. NO. 29, TRENTON, N. J.

Editor:

Having lots of time will give the Brothers a surprise. This is Local No. 29, Trenton, N. J. talking.

One of our Brothers Fred Ross has returned from Army Service overseas and is getting a lot of Polly-booing stories out of his system to the amusement of the Brothers.

We also had our annual Smoker which proved a success, and have been fortunate so far this year in taking in new members.

Work in and around Trenton is not very plentiful since New Years. A number of our members are taking "the rest cure", that is walking the streets, but we are looking forward for things to start up in the near future.

We mourn the loss of our late President, Brother Jeremiah Madden, which occurred February 21, 1919.

Following is a list of the officers for the ensuing year:

President—Arthur Rogers.

Vice President—Jack Welch.

Financial Secretary and Treasurer—H. J. Manley, 673 Stuyvesant Avenue.

Recording Secretary—Timothy Toomey, 52 West End Avenue.

Foreman—H. Corbett.

First Inspector—H. Weiting.

Second Inspector—J. Grant.

Trustees—M. Hedigan, T. Toomey and J. Welch.

By the way our Financial Secretary, Harry Manley fell for cupid and got married last Thanksgiving and is smiling yet. I also wish to call your attention to the fact that Andrew Duffy, formerly of this Local has a fine of one hundred dollars placed on him by Local 29 for violating Section 1 and 3 of Article 29, of our Constitution, I am

Fraternally yours,

T. Toomey, Press Secy.

L. U. NO. 38, CLEVELAND, OHIO.

Editor:

I am sorry that I was late in getting in my last letter for the Journal, but I suppose we all can't be perfect, and we have to be late some time.

On Friday, February 28th, The Electrical Workers of Local No. 38 held their annual ball which proved to be a great success, and every one had a fine time and enjoyed themselves immensely.

Things in the Maintenance section are about as usual and there is nothing spec-

tacular going on. We are about to start a big campaign to get the men in the outlying shops into the Union and from the reports of the organizer we believe that we are going to do some building that will bring a good bunch of the men into the Union that have heretofore been pretty hard to reach. We find that a good many men that have been working in these war plants and have been receiving up to this time very good wages, have to realize that if they are not in a Union that will protect them and their wages there will be hard times coming. It's strange how men who are getting good wages are very indifferent to the Union until they see that the employer is going to give them a little cut and then they begin to cast about for some one to save them and they have to always fall back on the Trade that has fought and perpetuated the very conditions that they have been enjoying while on the outside, but glad to say there seems to be a lot of them that are willing to have a little education in the line of Trades Unionism and we are trying to give it to them as fast as we can get to them. Brother Fitzgerald the organizer is out every day talking to these men and things are generally looking pretty bright.

We just got a recent report that the R. R. organizations are trying to get our railroad electricians who are already under our jurisdiction away from us and trying to put them into mixed locals. Anybody with any sense can see that a craftsman has no business in a mixed Local and we have a little scheme that may make some of the promoters of this scheme look sick when it comes to the point of laying all the cards on the table.

The organizing committee which is working in this city is doing a lot of good towards getting men of all crafts into the Locals where they belong.

We are glad to see a good many of our boys from the trenches coming home and some of them look as if they have been hiking poles in the Sahara desert, but all seem to be feeling good and have interesting tales to tell the boys that were left behind. Local No. 38 welcomes her boys and are going to make it as agreeable as possible for them. A great many of them have returned to their old jobs, and are getting acquainted with their old friends.

.. Basil H. Ayer.....
Press Secretary,
Maintenance Section of Local No. 33,
Cleveland, Ohio.

L. U. NO. 39, CLEVELAND, OHIO.

Editor:

This article should be given the title of Indoor Sports, but as I haven't the heart to call it that, I will leave you the pleasure of giving it a title.

A movement was started in this city by the Administration in power last October and participated in by some of our members, whose views were in harmony with theirs on the subject which for the purpose of raising \$2,500,000.00, covering a deficit in the appropriation by Council to maintain the city's expenses. This deficit as explained by them has been growing for the last six or seven years and the city had borrowed to the limit on short time notes. Consequently our Treasury was in a fair way to go broke. As I said before the proposition was looked upon favorably by members who were in harmony with theirs. (The Administrations) views and a great deal of support given by these members, but our Mayor thought it was not getting sufficient support so employees of the department of Light and Heat were assembled at a meeting and told their work was laid out for them and they

would be expected to put their shoulders to the wheel and boost for the Bond Issue. They were given literature, and instructed to work for the issue in their precincts. It appears some followed the instructions while others did not. At any rate the Bond Issue carried, and the Ward Captains of each ward turned in their report covering the activities of the workers in each precinct. Not long afterward, letters were received by some of these workers asking for their resignations, for their alleged inactivity in the matter. The matter then was taken up by the men personally with the director of Light & Heat who told them of the charges and advised them to appeal the cases to the Mayor, who refused to entertain the appeal of at least one member of No. 39. The local appointed a committee to call upon the Director of Light & Heat and demand that all members dismissed on those charges, be reinstated with pay and that list be destroyed. In answer to the demands the Director politely informed the committee that "He refused to concur in our demands." Now the question confronting us is, Are we going to submit to the autocratic demands of the peoples representatives of Public Utilities owned and supposed to be governed by the people in this respect or not. If we do our career as a Labor Organization has about ended. The I. O. has been informed of the facts in the case and we are now patiently awaiting their reply. But I am confident they will be with us in any effort we may make to install Democracy in Industry. Let's try and eliminate these Petty Larceny Peanut Politicians. We can do the job and should not delay a moment longer. The Kaisers have not all been dethroned yet. The time is ripe and always bear in mind that it is not a dishonor to fall down on a job of this kind, but to lay down is a disgrace.

Have had a couple of encouraging reports on the Telephone situation and must impress once more upon all of you the importance of getting busy on organizing before it is too late. The I. O. informs us that the funds of the organization will not permit the hiring of any more International Organizers and that the present force is insufficient. Why not try the job on a local scale for the present and use every effort to increase the funds of this Organization? Brother Ford has a good argument to put before you in this matter. Get it. Wishing you all the best of success, I beg to remain,

Fraternally yours,
M. W. F., Press Secy.

L. U. NO. 55, DES MOINES, IA.

Editor:

Every meeting night we have so many brothers leave here and as a rule they leave some job open so I drew this one last night because Charley Marshall had left for the Coast. He and his Brother Harry have gone out West to look around for a business of some kind. Good luck fellows you sure were live ones and we miss you.

We still have many of our old reliable hard workers here in Blink Overton, Toney Bennett, Bob Stanley, Wee Wee Hullinger and some more. With those fellows at the wheel is it any wonder 55 has a reputation of being a good live local.

We seem to be losing a little of our old pep since some of the gang left, but I am sure we will have more pepper and zip right along. In fact Blink is putting on a ginger campaign and getting results. Jimmy Morton is here and he livens things up considerably.

Fred Meyers dropped in from the Milwaukee job and made quite a talk. He

told us all about the job and the fellows on it. Fred looked good and after seeing him, I think some more of the bunch will jump out West.

The Street Car and Light agreements were drawn up and will be presented very soon. Things are not just as good as they should be here, but we are used to an uphill pull and will act over the top.

We are taking in a few members every meeting and with some of the boys coming back our membership is good. Some of the fellows wanted to present an agreement to the Bell but we are not heavy enough as yet.

Would be very glad to hear from some of the brothers. In that way we can keep in touch with each other. Write any old time and your letters will be welcome.

As it is getting pretty late and I have a date with you know, an I. W. W., I will close with best regards to all.

Fraternally yours,

Pep.

L. U. NO. 69, DALLAS, TEXAS.

Editor:

My few lines may be of interest to some of the out of town Brothers and therefore I am anxious to get in the March Worker.

Work in general is pretty good in our territory. The light is doing lots of work and most of the boys who have drifted in have been able to go to work. There is plenty of work in the Oil Fields for everyone.

We have taken in several applications in the past few weeks and our meetings are getting more interesting all the time. On March 4th, an agreement was presented to the Light by an able committee and you can take it from me that if our job is not made a good one there will be some trouble. Don't blame me if there isn't a big change.

As long as I am Press Secretary you can expect to hear a noise from No. 69 every month.

In my next letter I will give out something on our agreement.

It seems to me that the Worker is getting thinner every issue for lack of correspondence. Wake up Brothers and write your letters. It doesn't take long and it surely does a lot of good. Trusting that I am not too late for the March number, I remain

Fraternally,

G. H. (Windy) Cogburn,

L. U. No. 69. Press Secy.

L. U. NO. 76, TACOMA, WASHINGTON.

Editor:

Well boys I guess you would like to know how we in the Northwest are getting along.

The news we get from all over the country is pretty fierce. I guess the Capitalistic press all over the country are trying to lead the people to believe that we are a bunch of wobleys and Bolsheviks, but I want to put you all right. We are no more wobley than any other A. F. of L. member. We are a little stronger organized than some other parts of the country, and we know how to stick together, and that is the only way we will ever get any place.

I had just as well tell you right now that we have the pleasure of living in the part of the country where the business men have no mercy for the poor working plug. It does not hurt them a bit to charge from 15 to 50 per cent more for their products than is charged in any other part of the U. S. You do not need to take my word for this. The Government reports will tell you this.

We are also blessed with a bunch of

rent hogs. Rents have raised from 100 to 200 per cent in the last eighteen months.

I know of any number of places that rented for \$15.00 a month a year and a half ago, and now they are renting for \$40 and \$45 a month.

Government reports show that a family of five can't live on less than \$1,750.00 a year in Tacoma and comply to the American standard of living, but still the Navy Board gave 80 per cent of our membership \$1,250.00 a year, and you must bear in mind that a man must work every working day in the year to earn this \$1,250.00 a year.

Now if you can tell me how a man is going to live and buy bonds and W. S. S. and donate to all the charity organizations and fight the Flu, and still lay away a few dollars for a rainy day on \$1,250.00 a year. (I guess we are Bolsheviks). If you can't show us how to do this then we are not Bolsheviks.

All we ask for is a decent living and we are going to have it, as we will fight until we get it.

We have been on strike for six weeks and we are not whipped yet, and we will still be in the fight in six weeks more unless they give us a satisfactory offer.

There are only about 40,000 of us in the two cities, Seattle and Tacoma, that are in this fight, and it looks now as if Oregon and California will join us April 1st.

We are starting up a cooperative store here. It is incorporated for \$100,000 and we have two stores in operation now and expect to start more stores in the near future.

I want to tell all the locals that if you are not laying away a few dollars for a defense fund, to start to do so at once, for you can never tell how soon you may need it. When I came to Tacoma a little over a year ago, Local No. 76 had no defense fund and I got busy and put a motion that we start one, and it carried, and you can believe me, that it was a life saver for us, although it is nearly all gone now. It has been a great benefit to us. Well I will close for this time, hoping that you boys never have to put up the fight for a decent living that we are putting up at this time.

If anyone wishes to get any more dope on this strike drop me a line and I will be glad to give you any information that I may have, for we want everybody to know the truth about us.

Fraternally yours,

G. E. Miller,
1216 N. Laurence St.,
Tacoma, Wash.

L. U. NO. 84, ATLANTA, GEORGIA.

Editor:

Our local is pleased to report that since your last publication we have settled the strike against The Georgia Ry. and Electric Co.

This strike started over two years ago, involving about one hundred and fifty men, and up to the time of settlement only one man went back.

The men who have been returned under the terms of the agreement have been restored to their old jobs and standings. The increase granted amounts to a little over fifty per cent over the wages paid at the time of the strike and the working conditions are very much improved.

The Inside Men are still out on strike against the contract shops and believe that the matter will come to a head by April. We have a temporary working agreement with two shops and have seven shops signed up so things are not as bad as they might have been.

We are still working hard to get this vicinity Unionized and are meeting with

considerable success along this line.

Again calling attention to the fact that we are on strike and asking all inside men to stay away, I am,

Yours truly and fraternally,

Geo. H. McKee, Jr.,
Press Secretary.

L. U. NO. 108, TAMPA, FLORIDA.

Editor:

It is time for a letter to the Worker again. We have been real busy in Tampa during February getting in 100 per cent class to go before contractors with an agreement for 1 year at 80c per. Two months ago we were not 50 per cent. and now we are 100 per cent. Have sent for Organizer Goble to come and help us convince the contractors. We need 80c and that a good closed town is best for all. Will try and get an agreement with ship yards. Here's hoping. The first of April we place a Delegate on the Foreign Board of Trade with full power to vote on any question before the body. It's a closer together cooperation between labor and business with us. Hope other locals will do likewise. Wake up Brothers and get in line on everything. They need us and we need them. Meet them half way. That will be the best policy along the reconstruction plan. Now on the I. O. per capita. 108 endorsed a petition to call for referendum vote to raise per capita tax to 60 cents. Brothers if we don't help the Grand Office now they will have to close their doors. It takes more money to run our grand office—same as the small local. Tampa has just raised its dues 100 per cent. Need money to affiliate with difficult councils. If we don't come clean now with the increase, we will have to assess ourselves about \$1.00 per man for six months later and to reorganize a grand office.

We will lose lots of our work by other trades in figuring and nobody to stop them at A. F. of L. Don't be selfish you are all asking for more money per hour as high as \$1.00 to \$1.25. If you need it why don't the Grand Office do the same. I hope the Brotherhood is not shortsighted in voting on this question. Work is very scarce in Tampa now. More men than jobs. Let's hear from you on the question.

Yours truly,

J. H. Carr, P. S.

L. U. NO. 111, DENVER, COLORADO.

Editor:

As 111 has no press secretary, I am taking it in my hands to let the Brothers at large know we are a re-built organization and getting too big for our clothes and a larger hall will be next.

However insert, if you will my little poem instead of a writeup.

Respectfully,

H. J. Solliday,

L. U. No. 111, Denver, Colorado.

We've fought the Germans as one man
We've shown a World America's plan
To the Kaiser we've tied the can
And withstood the old flu ban

Now if those Germans are wanting more,
They're liable to make us all sore,
Twas for Liberty we made cannon roar
And for justice we made that score.

But if they're bound to get us riled
Destruction on them shall be piled,
In our memory France and Belgium filed
Why! they'll think Yanks have been mild.

Yes the workers won this old war
While Capital only figured at par,

Now they ask, what's strikes for
Well, we'll answer now it's your war.

Sure you Wealthy, gave your sons
But we gave hundred to your ones,
And when you asked us for our funds
You gave in ounces to our tons.

Now they say go back behave
It's a laboring man just let him rave,
When only a while ago twas be brave
For assistance then they did crave.

I'm going to write a chorus to this song
For after years we've righted a wrong,
Twas injustice done to the working throng
So we're just happy the whole day long.

"CHORUS"

Eight hours work, sleep and play
Constitutes one working day.
Not four hours to throw away
But to study and make pay,
That's what us Yanks have to say.
For the working man now holds sway.

By H. J. Solliday.

L. U. NO. 120, LONDON, ONT., C.

Editor:

Local No. 120 donated the press secretary a few sheets of writing paper, so I will try and make use of some of it. We are doing fine here at present but need the services of a good organizer. Time is ripe for organizing here. We took 22 new members into the fold last meeting, nearly all inside men employed by dear old Mother Bell. Everybody is trying to make London 100 per cent union by May 1st, and here is hoping we succeed. Keep on pushing boys the goal is in sight even though it is a long ways away. Local 120 went on record at our last regular meeting as being in favor of eight hours per day and also in favor of Daylight Saving. All the new agreements being prepared for this year call for eight hours working day of five days per week and 4 hours on Saturday. We are pleased to see our Brother R. Lewis is back to work after a couple of weeks home with car-buncles. Brother Dan Campbell fell from a pole last week and broke his leg in four places. He is in St. Joseph Hospital and we hope he has a speedy recovery as he is a valuable member.

Brother W. Costillo seems rather grouchy these days, but I think he will be alright when the snow goes away and the birds return. Will some one please tell us who the poet is at the Hydra Power House. He seems to be on the inside track alright. I would advise all floaters to keep away from London for a couple of months until we get our new agreements signed up as we are sure to have a stiff fight this year. With best wishes, I remain

Yours fraternally,

L. U. No. 120.

R. McArthur, P. S.

L. U. NO. 137, ALBANY, N. Y.

Editor:

Having been elected press secretary of L. U. No. 137, of Albany N. Y., at our December election, I feel it my duty to send this letter in for publication in our official Journal.

Old No. 137 is still doing business at the same old stand and is fairly prosperous. We hope in the future to improve the management of business and to materially better our working conditions and compensations.

We have the light job practically 100 per cent organized and while our wages are very low in comparison to other localities and wholly inadequate to meet the advanced cost of living the company,

through the general manager absolutely refused to consider an advance in wages so we appealed to the National War Labor board for mediation of our differences and that honorable body has the case under consideration at the present and we look forward to a fair and just settlement of our claim and a good substantial increase in wages.

Yours fraternally,

Bert D. Raferty,
Press Secretary.

L. U. NO. 153, SOUTH BEND, IND.

Editor:

As I have been placed as Press Secretary of L. U. No. 153, it is a pleasure to try and hand you some facts about this L. U. and to let it be known that we are a bunch of live wires and we have the Arc flames of good Fellowship burning so bright that it is noticed all around this old city. Now placing the grand old local hall as the power house and have gotten the machinery into place and running good, we have sent the current of good brotherhood out on all lines to the transformer of good fellowship and placed the belts of brotherly love to the motors of production at each and every contractor's place of business. We have not only gotten them all into the local, but we are getting the good feeling of all contractors and L. U. 153, is growing so fast that we are going to have to enlarge our hall. Now not only have we done this but we placed the motor of entertainment into action and on February 28th we placed a dance at the Ellis Temple and had the finest evening that was ever pulled off in the city of South Bend. And let me say in behalf of the Grand Order of Elks that we were treated with so much respect that we never will so long as this local runs forget their kindness and we wait the hour to repay them to show our gratitude to the Lodge. And we also can not say too much about the Mrs. Essex and her grand orchestra play, the grand music of the evening for they did it well and ready to play at all times. We thank her and we cannot do it justice by thanks, and can thank the Grand Order of Garment Workers for turning out for the night was sure the worst we have had this winter, and as the motor began to slow down at the late hour of night each and everyone went home with the warmest feeling to the Local and all its members and we sure do thank them all for helping us to make the evening long to be forgotten in South Bend. We also want to thank our officers for the grand work they did in placing this dance and making it the talk of the city. Thanking all and beg all to remember that L. U. 153 is alive, we wish all other L. U. the best of luck.

W. A. Stines,

L. U. NO. 155, OKLAHOMA CITY, OKLA.

Editor:

Am sending you another short note from L. U. No. 155. We are having very interesting meetings and good attendance. In fact our meetings have been so interesting that we have automatically lapsed into the habit of staying to the late hours before adjourning. We inserted in our new by-laws a new adjourning clause that provides for regular meetings between the hours of 7:30 and 9:45 p. m., and last night was our first time to really give it a trial and at the regular adjourning time we stirred up a live question for debate and did not get away till eleven.

There is one thing that some of the locals may be overlooking. That is the chance that we now have of helping the girls that are out on strike. These telephone girls have a just cause and allow me to say that they have had backbone

enough to stand for what they thought was right. And now it seems to develop that the Burleson and Bell ruling is meeting with the disapproval of the public almost unanimously. The Oklahoma legislature has revoked the Bell's state charter by a vote of 85 to 11 under date of March 6th.

These girls have been bearing the blunt of the fight for months and if your local has not gotten in to help them already start a weekly payment to them and tell them you are sorry that you did not come to their rescue sooner. The particular girls that we here refer to are the telephone girls of Wichita, Kans.

Fraternally yours,

N. I. Sommers,
Press Secretary.

L. U. NO. 156, FT. WORTH, TEXAS.

Editor:

Several moons have passed since my last letter, and I am sorry to report that on account of sickness, I have very little news to write.

Most all members here and elsewhere seem to be imbued with the spirit of "stick to it," and I tell you, one and all, that it is a real benediction to meet and talk with men of our craft that are so cheerfully trying to line up to a high standard of character and manhood, and especially when some of them have undergone some of the greatest hardships known to humanity. Our boys are looking forward to better times in these parts in the near future and in the meantime everyone seems determined to live up to his obligation and thereby prove the fact that a Brotherhood man is the best man in the field at all times.

With best wishes to all members and hoping for harmony in the Brotherhood now, and forever.

Robert G. Wright, (Old Crip).
Denton, Texas.

L. U. NO. 162, KANSAS CITY, MO.

Editor:

It gives me great pleasure to communicate to you this, the initial greeting of L. U. No. 162, the railroad local of Kansas City, Mo., and hope that this will come to the notice of our friends now in various parts of the country and be considered as a personal message to each one, to let them know that "we have our hats in the ring."

Our charter members were few and hard-working and as we have grown and weathered the storms of official dignity and venture, we have through persistent efforts at last reached the place where we are now able to reap the results of successful efforts, and are convinced that "watchful waiting" is O. K. when accompanied with lots of pep and hustle. Our local, as well as that of the different crafts on the railroads, have been bending their efforts toward bettering the working conditions of the railroad mechanic, and getting for him the wage he deserves and to which the men of his craft are entitled.

Mr. Howard Eason, our past president and representative, has been a busy man attending the many conferences of the War Labor Board at Washington, D. C., and he and his co-workers have been very successful to date in presenting their claims.

And now that the war is practically over and perpetual peace seems assured we look ahead to pre-war times and expect normal conditions "as long as the Government holds onto the roads," to soon prevail.

Fraternally yours,

P. N. Carl,
Press Secretary.

L. U. NO. 175, CHATTANOOGA, TENN.

Editor:

This is my first attempt as press secretary, so don't know how I will succeed, but will do my best, so here goes a few notes from the "Dynamo of Dixie." Old No. 175 sure has heeded the warning of L. U. No. 42, in November Worker and is making good headway in organizing the telephone workers and maintenance men, but have taken in none of the weaker sex yet, but hope to soon.

Believe me organized labor in Chattanooga sure has woke up and got busy, both in organization work and politics. We now have a union man in the state senate, one for attorney general, one for city judge and are running a union man for city commissioner. We own and operate our own labor paper and are perfecting plans for building a \$50,000 labor temple here and are getting stronger every day, as some other craft organizes almost every week.

We are getting some of our soldier boys back now; No. 175 has taken back three war service cards so far and hopes for more soon.

Well, guess I have blowed off enough for this time, so will end up by giving you a list of our present officers: President, V. Clark, Rossville, Ga.; vice president, E. E. Murdock, Ridgeville, Tenn.; recording secretary, Bert Black, 306 Long St., Chattanooga, Tenn.; financial secretary and treasurer, W. M. Stilwell, 420 Flynn St., Chattanooga, Tenn.; meets at Chattanooga Trades and Labor Hall every Tuesday at 7:30 p. m.

Fraternally,

V. O. Cunningham,
Press Secretary.

L. U. NO. 218, SHARON, PA.

Editor:

Just a few lines to let you and all the brothers know, inside and outside men, that things are awful quiet around here at present, and they should communicate with some one here before they come this way if they are looking for work. We have Brother Broach with us at present and I am glad to say he is making great headway with the shopmen. We all wish him the very best and are helping out the best we can. Well I guess that is all I have to say at present. I remain,

Fraternally yours,

P. L. Hutley.

L. U. NO. 258, PROVIDENCE, R. I.

Editor:

Taking a privilege to write a few lines to the Worker to let you know that Local No. 258 is still in the fight for democracy and better labor conditions for its members and all organized labor. I am very glad to have the honor to write and say that Local No. 258 voted 98 per cent in favor of a strike if the demands are not granted the electrical workers that work for the wire company.

In a previous edition of the Worker I stated that the entertainment committee of Local No. 258 was going to show some speed when they get started. They have started by having a Smoker on March the 4th, and believe me it was some time for I can say that everyone was happy. For the eating and drinking there was plenty and the entertainment was of the best and we wish to thank the members of Local 516, through the Worker for the donation of the very pleasing orchestra which is composed of members of Local 516.

Wish to say that condition of Labor here at the present time is not very plentiful but it is not at standstill.

I am glad to say that our delegates to the New England District Councils are on the job, for they attend the meetings regular and keep the local posted on all that is going on in the New England District of the East.

Just a word about the electric light men. I like to say that there are a good many of them that can see the right light, and that light is Organization, for we have a good number in Local 258, but there are a few that don't see the light, but I hope that they will awaken to the fact some day and be one of the many. I also wish to say a word in regard to the Western Union Telegraphy Linemen, as the old saying is in the book, "Seeketh and you shall find." Take it from me they are some hunters, for in the last three months we have received a good number of them into the local. Just a word to the Telephone Workers in regard to the big question that is before them. I hope that they will be as loyal to the cause and the right that it stands for, as they are in Rhode Island for it is the only thing that they are interested in at the present time and always have been.

I wish to say that the Local 65A, the telephone operators held a dance on March 3rd and it sure was a big success for the dance was held to help them receive some funds in their future labor conditions and Local No. 258 is wishing them all the good luck that they need.

I guess that I will lay off on this rough stuff until the next time. Wish you all the best of luck through the Electrical Worker.

I remain,

Fraternally yours,

Fred J. Bayha,
Recording Secy. and Press Secy.

L. U. NO. 292, MINNEAPOLIS, MINN.

Editor:

Will try to get a few words in again for No. 292 for this month. Would first like to state that conditions here are very poor indeed just now, and we advise all traveling brothers to stay away from this part, as our boys are loafing in large numbers. Nevertheless, 292 boys are true and active to wit: An association has been formed here, consisting of returned service boys, called the World's War Veterans. No. 292's members are shining lights in this, as Brother Lieutenant H. G. Bang is president. Brother Harry George is treasurer, and Brother E. J. Webber is secretary, so you see, that No. 292 has the monopoly on the officers jobs. I must unfortunately put a sad note in our song of praise for our good brother, E. J. Webber, who lost his life last Tuesday morning, Feb. 25th and was paid last respects by 292 on Saturday, March 1st. Our charter is draped in mourning.

In looking over the telephone locals letters for February, it seems that they have forgotten 110 and 292 in their list of donors. Now I would ask Locals 23, 24, 88a, 89a to kindly look over their lists again, and I firmly believe that they will find 292 did as much if not more than any other local in the Brotherhood. We do not want to blow our horn about having done our duty, but we think that the Brotherhood should know that we at least, stood by the cause, and as long as they are giving out a list of donations, we deserve our place on that list. A little explanation from the Telephone Locals would well be in order right now Mr. Editor. To further show our attitude on the matter, in spite of the fact that the Telephone people are back at work, we assessed our members another \$1.00 per head and asked every member to buy one of their dance tickets, towards helping them out. Now Mr. Editor we are not whining at a

lack of publicity, but, just mention these facts in due justice to the membership of 292, of Minneapolis. We had some trouble here with our usual enemy, The Auto Show, and got the job pulled and a big banner on a horse and wagon through the streets of the city advertising the fact. I think that enough room has been taken up at this writing so will close with best wishes.

Fraternally yours,
Ed Lawrence.
P. S. Pro Tem.

L. U. NO. 305, FT. WAYNE, IND.

Editor:

Just a few lines from Ft. Wayne, Ind., to inform the brothers that L. U. No. 305 is still in the ring and still doing business.

We have just informed our contractors that we are coming out for a new agreement the 1st of May and an increase in wages from 52½c per hour to 75c per hour. We have also raised our initiation fee from \$25.00 to \$100.00.

We also wish to thank the G. O. for the presence of so able an organizer as Bro. Ray Cleary, as he has been in our city about six weeks. Since he has been here he has succeeded in organizing a shop local of 700 members out of all the unemployed men of the General Electric Co.'s strike and the trouble is all settled. He has also succeeded in arranging an agreement between the telephone operators and the telephone company. In addition he has given us much valuable assistance in our coming agreement and he has also met the mayor and city council in regards to a municipal inspector for the city of Ft. Wayne. So we surely hope to have Bro. Cleary with us as much as possible in the future.

Well as this is my first attempt at writing for the Worker I will close and in

conclusion state that several of our members are returning from the training camps and over seas. We have a number of good jobs coming up and the prospects for work for the coming year is pretty good.

We also intend to organize all the maintenance men we can this year and also boost for a bigger and better I. B. E. W., in the future.

Trusting you will find room in the Worker for this letter and others in the future. I remain,

Fraternally yours,
V. A. Stapleton,
Press Secretary.

L. U. NO. 307, CUMBERLAND, MD.

Cumberland, Md., Jan. 28, 1919.

Editor:

These brothers as you can see are floaters—that is the majority. All are working on the B. & O. new railroad shops under the permission of L. U. No. 307. This local has a fine bunch of union men as any one would want to meet.

The new shop is a building 500 by 256 feet, 90 feet from floor to top. Has two 300-K. W. rotary converters, two 330-K. V. six-phase transformers for the rotary converters, three 50-K. V. A. transformers for lighting, besides two other small transformers for arc lights, nine panel boards for A. C. current, has seven panel boards for D. C. current, besides switch boards. The job is well lighted with large lamps. Has 157 motors, each machine is directly connected with motor, besides there are two 100-ton cranes, one 30-ton crane, one 15-ton crane and four jib cranes of three tons each.

We got together and told the firm which is Westinghouse, Church, Kerr & Company, that it was our work and we wanted it. It was given to us and, brothers, you can do the same by asking for it, or go

make a fight for it and get it. That is what this bunch would have done. We have Mr. Pole for superintendent and Bro. Chas. Selover out of L. U. No. 635, Davenport, Iowa, and these two men have been gentlemen all of the way. The boys can only speak well of them wherever they are.

I will bring this to a close and if put in Worker will try some later date to send another to Worker.

Mr. Robt. Keil and Mr. James Stith had charge of crane work.

Yours very truly,

D. Todd.

4759 Kennerly Ave., St. Louis, Mo.

L. U. NO. 327, PENSACOLA, FLA.

Editor:

Here comes the press secretary from L. U. No. 327 after being absent for the month of January.

News is a little scarce in this "neck of the woods" now, but I believe all the boys are busy. We had a lay-off of fifteen (15) men at the Pensacola Ship Building Co., a few days ago and it is rumored that there is to be another lay-off within a few days. We can't understand it, as the company is just getting ready to launch their first ship and it seems to us that the electrical work should just be beginning as the work heretofore has been only maintaining lines or general work over the yard. They haven't started to equip any of the hulls. Seems to us that there is something dead up the creek. The electrical workers are about 95 per cent card men in said yard. Can safely say that we are 90 per cent organized in this community, and am sure other lines are as well "booked up."

I believe that all lines of work and building has fallen off since the armistice was signed, but don't believe that it will result in any panic. A lay-off or dull season wouldn't surprise me about July 1st.

We have received our new by-laws from the G. O. approved and believe me they are some "by-laws."

Our charter is closed now and our initiation fee automatically went back to \$75.00. We added something like 12 new brothers to the honor roll while our charter was open for the 30-day period.

We have lost three of our hardest workers in the past few days. Brother Davison who was our worthy president will return to Chicago to No. 134, in a few days. Bro. Chas. Mellor, our faithful recording secretary has taken a traveler and will go to some point in Texas where he expects to open a shop for himself. He will be greatly missed in No. 327 as a true friend and faithful worker. Bro. Barrick has been issued a traveler also. He was a hard worker for No. 327 and all the boys wish for him all that is good.

Brother Womack was elected to fill the president's chair. He is well known and a favorite with all the boys. He is a live wire and always on the job.

Have several new men with us with travelers from different parts of the globe.

That's all for this month. With best wishes from the boys of No. 327 to all the Brotherhood.

L. L. Sparks,
Press Secretary.

L. U. NO. 343, TAFT, CAL.

Editor:

As L. U. No. 343 has not had an item in the Worker for sometime I thought it about time to let the brothers know what we have been doing in Taft.

We are slowly getting the boys here in the oil fields lined up. We have a very good membership for a small local and have a large attendance at every meeting.

The only time we have failed to hold a meeting was during the "Flu" epidemic and were not permitted to meet.

We have succeeded in getting a standard scale of wages of \$7.00 per day for all journeymen electrical workers in the fields, except with the Kearn Mutual Telephone Co., and that case is still pending with the War Labor Board at Washington, D. C.

On June 1, 1918, we made our demands on all companies operating in the field for an increase in wages from \$5.00 per day to \$7.00 per day, to take effect June 15, 1918. The result was that the demand was referred to the Federal Oil Inspection Board of California.

After a great deal of discussion between the Oil Board and L. U. No. 343, the demand was granted August 15, 1918, with retroactive pay from July 1, 1918.

The San Joaquin Light & Power Co., refused to pay the \$7.00, claiming the Oil Board had no jurisdiction over public utilities companies. We then took the case of the San Joaquin Light & Power Co., and the Kearn Mutual Telephone Co., up with the War Labor Board with the result that the War Board approved the finding of the Oil Board but referred the Kearn Mutual Telephone Co., case to the Wire Board.

L. U. NO. 368, INDIANAPOLIS, IND.

Editor:

A few lines from No. 368, I. B. E. W., Indianapolis, to let the Brothers know we are still here.

Brother Pierson is home again—just back from Florida. I believe Brother Pierson follows the climate agreeable to his clothes, may have come back too soon.

Brother Tabor is still on the disabled list, but is improving slowly.

Brother Mann moved to Greenfield to act as wirechief at that place, thereby compelling him to resign as Financial Secretary.

James R. Campbell, 1334 E. Market St., was elected and is at present serving in that capacity.

Brother Bennett, International Representative, was with us on meeting night the 1st of February and gave a stimulating talk, especially meant for those inclined to lose interest or backslide.

I don't understand why any working man would hesitate to link his efforts with the efforts of his fellowmen for one great, grand cause and make the effects worth while, because as individuals we are as helpless as a sapling in a hail storm.

We often hear men say they intend to do as they please about their work, that they are obligated to assist no one—to look out for No. 1 if you please—and they may feel that they have a moral right to do that, but listen Brother if you have the least idea along that line, you should know that as an individual you will have to ask for the privilege to work, and for what the employer chooses to pay and as many hours as he chooses to work you.

Organized Labor has been able to shorten the work day, raise wages, and in many ways improve the conditions of the Worker in the past.

It has been able to set a standard that all homes have been benefited by—the non-unionist home has had its reward from what the unionist have achieved.

Then brother workman, don't you think it would look less selfish of you to unite your efforts with an organization and help joy and help work for the things you enjoy?

What do you think of the soldier that deserts the army in time of war? Would you accept his reason for doing it, because he didn't see how the outcome would benefit him any, as a sensible reason?

Then Brothers, take into consideration the attitude you would assume under such circumstances and don't be a deserter.

Take into consideration the fact that you need the assistance and cooperation of your fellow workmen and that they need you, then get in line. If already in, see that your dues are paid up and keep them paid up. Supposing all of us took this view. I am not going to pay in my money until they show me something worth while. Where would the organization go?

Did you ever stop to think what it takes to make a Union? You can't make it. I can't do it, but we can get together and work together for one purpose and there start our union.

It takes not only you and I but everyone working at our same line of work.

Attend the meeting regular. Just because you have faithful men in the office doesn't relieve you of your duty to attend.

Those officers are your servants and how are they going to serve you if you never attend and help decide the questions vital to your welfare.

Don't sit back and grumble and growl because they didn't do this, that or the other thing. Go to the meetings and see that they do these things you think ought to be done. Be there with your vote either for or against the motion before the house. That is my idea of the way to express your opinions.

The officers filling the chair enjoy staying at home, resting just as well as you do, may have worked harder that day than you did, and the work to be done on the meeting night in the hall, affects your welfare just as much as it does theirs.

Don't forget that your opponent, Mr. Employer, isn't losing any time to devise ways and means to combat you and if you expect to gain anything, will have to sacrifice a few of your pleasures until you get yourself established in a more secure position than where you are today.

A wonderful amount has been accomplished by the United efforts of organized workmen in the past and now don't let us lose it all by our negligence and disinterested disposition.

A. Short, P. S.

L. U. NO. 403, PORTSMOUTH, OHIO.

Editor:

This is, I believe the first time that L. U. No. 403 has had an article in the Journal and I ask you to publish this item in the next issue to let every member of the Brotherhood know that we are in existence and very much so.

Before going any further allow me to say that it is, owing mainly to the untiring efforts of two men, that L. U. No. 403 came into existence. I think it no more than just to mention their names. These two men, who gave so unsparingly of their time and effort are district organizer of I. B. E. W., William Godshall and W. F. MacDonald, district chairman of the N. & W. Electrical Workers, Local No. 403 is composed of electrical workers on the Norfolk & Western Railroad, Williamson W. Va., to Cincinnati, Ohio, and Columbus, Ohio.

Meetings are held every Thursday night in Trainmen's Hall on Gallia St.

We can not promise work to any and all traveling brothers who might come this way but we do extend the glad right hand of fellowship to the boys with the clean card and assure you will not go hungry while here. Yours of a 100 per cent local.

Fraternally,

N. L. Boren,
Press Secretary.

L. U. NO. 424, DECATUR, ILL.

Editor:

Will drop a few lines as this local has been fortunate enough to have only about two or three letters in the Worker since it was organized about two or three years ago, and am sorry to say that I am not able to give all the credit to our press secretary for these.

Well so much for the press secretary and will start on the matter of work and will say we have plenty of it for the number of men employed but we are unable to put any brother to work at that as we are a railroad local and the company only has a certain number of men employed the year round and if the work starts to pile up they let it pile.

Am glad to say that we have with us again one of our brothers who has just returned from the army, namely, Brother J. Duncan.

We have just recently been able to organize the linemen on the Wabash and expect to have the signalmen soon and when this is done I guess we will be about through organizing as far as the Wabash is concerned as we will have all the electrical workers on the road signed up.

If any of the brothers want to see some real live meetings just drop around on meeting night and we will not disappoint you as we have a full house every meeting and a live bunch who take an interest in what is going on.

Well as I am no great hand at pushing the pen will close before saying the same thing twice.

Fraternally,

G. O. P.

L. U. NO. 434, DOUGLAS, ARIZONA.

Editor:

Just a few lines to let you know that L. U. No. 434 is still alive, though things are not very prosperous here in Douglas at present. As they are laying off in this community both in the mines and around the smelter.

We got a cut in wages last month of 75 cents per day and another cut this month of 25 cents per day, that leaves the scale of wages for wire skimmers, and all other mechanics \$5.60 per day. Things are looking pretty dull in this section of the country at present, but we are living in hopes that things will soon pick up again. Now I would like to call your attention about a lodge member by the name of Allen Crosher, who went to work in Bisbee, Arizona, about a month ago for a contractor by the name of Eugene Stevens and stole about \$50.00 worth of electric supplies, a 32 calibre Winchester rifle, a 22 Winchester rifle and a pair of pants and shirt. He then met with a lodge member by the name of Wm. Albertson who asked him to his room for the night and when he awoke in the morning he found Mr. Crosher had gone and relieved him of \$51 and a 21 Jewel Hamilton watch and gold chain, also an Eastman Vest Pocket Camera. There also was a robbery connected in Lowell just one mile from Bisbee's about the same time and a large screw driver was found and identified by Mr. Stevens as being Croshers. Mr. Albertson's watch number was as follows Hamilton, size 18, model 940, movement 991380, and a Philadelphia case No. 7351372.

Respectfully yours,

J. C. McGunniff,
P. S.

L. U. No. 434.

L. U. NO. 553, SHEFFIELD, ALA.

Editor:

In my last letter to the Worker I wrote you about our get-together banquet at the Sheffield Hotel during the holidays and will advise the brothers how long we held together and the moves we have made, whether we moved forward or otherwise.

Now No. 553 organized in March 1917 while a 45 cent rate was on. Porcelain crushers were in the majority, box car rough necks and narrow backs of the tourist type came in and conditions changed slowly but surely, surely because of the loyalty of our brothers and slowly because with the higher wages came the decreasing value of a dollar until like a squirrel in a cage we moved without getting anywhere. The rate we raised to 75c would have been made more attractive to the brothers, possibly \$1.00 an hour but the Armistice was signed bringing about a new condition to meet and we tried to meet it.

We had backed up our Brothers in this craft and in others who had joined the colors across the pond, responded to the call of Uncle Sam with liberty bonds, brothers in rank and file, liberal donations to the several organizations assigned war work, and went still further by working ten hours a day, seven days a week for almost ten months. Faithful—I say so.

Recently maintenance men and operators were reduced from \$49.50 a week to \$175.00 a month and because a good number of men inside the organization had experienced the strenuous "pastime" of following old Maud and Jennie down the long corn and cotton rows, rows so long that a jug of mountain dew was necessary on either end, the reduction was accepted, obedient to the laws laid down by the "higher ups", not the local grain elevator men but the men with offices back east elevated to offices of the sky scraper type.

A visit to the Business Agent is necessary before anyone does electrical work at Muscle Shoals, but Brothers we are moving backwards when such Brothers as I am about to name get disgusted and leave at one time: Brothers Guy Cabiness and Harve Robinson went to Arizona desert via St. Louis, Chas. Gougeon, Chris Tatro and Ed McGrath wanted to get out of Muscle Shoals, and C. McMillan and Bill Gillard answered the call of the North.

The dam job is going to go forward—the Tri-Cities Chamber of Commerce claim, they ought to know and we hope they do, that the J. G. White Corporation will probably finish the job; while the Air Nitrate Corporation, (Air Tight Corp.) will probably return to New York to handle the street cleaning problem for that village.

The possibility of David Stretch, formerly of Portland, Oregon, ever getting back to the coast is rather remote for he is now a permanent fixture with the Sheffield Co. doing the moon fixing stunt as a regular of the Home Guards.

Press Secretary.

L. U. NO. 535, EVANSVILLE, IND.

Editor:

Local No. 535, Evansville, Ind., wishes to be heard from, although it is not very often. The fellows here are beginning to realize that to stick together is the only way to accomplish something.

We have our little troubles, the same as the rest of the Locals have, but at that we are forging ahead. The contractors are beginning to realize that they are fighting a losing battle when they try to buck against the great Brotherhood. One of the greatest troubles is the fellows argue with one another, and that is about all that is

done. What must be done is to find a remedy for that argument, for what is the use of talking when you can't do any good?

Last Friday night we had amongst us one of the best known of trades unionists in the country, Billy Jones, who is the author of the following lines:

"Life is one heartbroken struggle
From the cradle to the grave.
Some men take the battle calmly.
Others lose their heads and rave.
But the men who take things sober,
Cool of head and clear of brain,
Are the ones who bask in sunshine
When life's hope begins to wane."

Billy Jones has written many more popular poems and songs which he will soon put on the market. His work, when read, breeds germs of the fundamental love of liberty and justice. That is one of the reasons Billy is beloved wherever labor men meet together.

Billy has aroused the spirit of this Local to such an extent that every Brother is ready to defend the rights of labor. We only hope that wherever he goes he will be received by the Brothers like only one can be received that spreads sunshine to all who come in contact with him.

Edwin F. Koch,

Press Secretary.

No. 1021 Cherry Street, Evansville, Ind.

L. U. NO. 543, CHARLESTON, S. C.

Editor:

I will try to get a few words in the Journal again to let other locals know how we are prospering as an organization.

I guess you all know by now that the older a local gets, the more interest is taken.

We are going down to business now, to get all there is in it for our interest, and our fellow brothers.

We have the largest majority of Charleston electricians in Locals and hope to have the whole of Charleston organized in a very short while.

It takes time as we all know, and we are doing as well as could be expected.

Our initiation fee for the past has been \$25.00, but beginning after last meeting, Feb. 25, 1919, the initiation fee for Local 543, will be \$100.00. We thought it best to get on or near the standard initiation fee of other locals. I said a few words in last month's Journal about the street car service from Charleston to the Navy Yards being so poor, and inefficient. It has improved very much since then, but plenty of room for improvements yet.

The Navy Yard employees sent a delegation to Columbia, S. C., to help draw up a bill and put before the Legislature for making a law to force the Street Car Co. to make improvements in the service, and keep it that way. We hope the bill will be made a law and enforced to the last point, so we may be able to get to and from work on time, and not have our lives endangered by old shackled run down cars.

Local No. 543 gave its first banquet Friday night, February 21, 1919. Supper was served from 8:30 to 9:30 o'clock, which was just enough time for the brothers to eat all they could. The tables were furnished with the best of eats that could be had. They were well prepared and served in the best of order.

The brothers kept best of order, which shows that they realize that the importance of keeping good order will give our local organization a better name for holding up for what is right.

After supper our worthy President, W. J. Bramblett made a short speech, also several others said a few words, all which received best of attention.

Several things were done for amuse-

ments, until about 11:30 o'clock then most of the brothers seemed as though home was the best attraction, so they adjourned, hoping to enjoy another banquet some other date.

I guess I had better knock off, as I don't want to waste too much space in the Journal.

I am fraternally yours,

B. E. Thomas, P. S.

Local No. 543.

L. U. NO. 600, ERIE, PA.

Editor:

I desire to call your attention relative to the General Electric Co., Erie Works that they have taken only a few drones that belonged to our Local and have broke in Greeks and other foreign element to operate cranes and repair and general maintenance. I hereby wish to notify the Brothers throughout the country that if they should happen to meet an agent from the G. S. Co., advertising for men at the Erie works, to steer clear of said agent as they will tell you of all the good conditions and how the Company has built houses for their men and you can move right in and sign a lease that signs all your rights away and when they find out you are a Union man they will say they don't need you any more that they have to cut down their force or some other infernal lie and then if you don't happen to get another job they will crowd you for your rent and Oh they use you fine here in the Erie Works "Opportunities Gateway" as they term it.

Yes, they use you fine and believe me they stung a good many good Union men during the war.

If the manufacturers would do away with hiring the so-called Dicks, throw out their so-called Industrial Union in other words Rockefeller Unions as was endorsed by the Manufacturer's Association at their last convention in Atlantic City, that would do away with their famous world Bolsheviks, and as they understand the meaning of the word and they look up on us as slaves and think that we don't and we so-called Dicks are the Bolsheviks and that is blamed on real honest Union men. I never think of using that word as there is a plenty in Webster's Dictionary. Now to get back to our organization I will say that owing to the fact that the Manufacturers are holding up work thinking that will reduce wages, and that several of our members are taking out travelers and some of them that are here in town forget on meeting night that there is such a thing as No. 600, but I never say die and we have a few live ones that feel the same way about it and I feel confident that we can bolster things up and have a real live bunch in the near future.

We have been expecting an International Officer in here for the past two weeks, but he has not arrived as yet.

I could write a whole book of different things which happened in Erie the past six months, but as I have not much time to get this letter in for the March Worker I will ring off with best wishes to all Local Unions.

I remain, fraternally yours,

Ford A. Persons,

Financial Secretary and Bus. Agt.
Local Union No. 600, Erie, Pa.

L. U. NO. 635, DAVENPORT, IOWA.

Editor:

As this is my first attempt to write to the Worker, I will try and tell a little about our doings here as we have been locked out since before Thanksgiving and came to a settlement again Feb. 21st, as new work will start soon and the bosses

have found it costs money and worry to do business with the few rats they had to help them out. One firm is standing pat and thinks to get by with the bunch of rats which were brought in from nearby small towns, but as our Business Agent, Mr. Smith is always on the trail with the assistance of the Allied Trades, I think it will only be a short time when they come clean.

Most of the Brothers have been working on the Government Housing projects and the R. I. Arsenal and all are good I. B. E. W. members, but as that work will soon be finished we expect new work to keep them going in Davenport, as the prospects seem good for a prosperous year and success for all I. B. E. W. members.

H. Bug, P. S.

L. U. NO. 659, DUNKIRK, N. Y.

Editor:

Decreasing the purchasing power of the dollar by increasing the cost of the necessities of life is equal to a deep cut in wages. It is not a question of how many dollars a man receives for his labor as it is how much he can buy for the dollar. What difference does it make whether a man receives \$1.00 a week or \$10.00 a week, if his cost of living in the one case is \$99.00 a week and in the other \$9.00 a week. At first thought one may say there is no difference, but there is a great difference and the difference is in favor of the \$10.00 man. The man whose expenses are \$99.00 a week would be compelled to work 99 weeks before he could take one week's rest, while the man who lives on \$9.00 a week could take a week's rest every ninth week.

Then supposing each of the men worked for a number of years saving \$1.00 a week. It is easy to see that the \$10.00 man could retire from actual labor many years before the \$1.00 a week man. This clearly shows that the working man in the United States is much worse off than they were in 1913. The Department of Labor gives the following reduction in the purchasing power of the dollar. The report says, food which could be bought for \$1.00 in July, 1913, now costs \$1.85 in Washington; \$1.84 in Baltimore; \$1.77 in Philadelphia; \$1.68 in New York; \$1.69 in Chicago and \$1.58 in San Francisco. In the one year period from July, 1917 to July, 1918, food prices went up 22 per cent in San Francisco, 20 per cent in Washington and Philadelphia; 20 per cent in Baltimore; 17 per cent in New York and 11 per cent in Chicago. These figures cover only a few cities, but the cost of living has gone up in all the cities, United States and Canada. The average working man secured an increase in wages most everywhere. He asked for it. The increase in no case comes near being as high as the reduction in the purchasing power of the dollar, but it helps nevertheless. In some cities wage earners could not get up courage enough to ask for an increase. They are waiting for the employers to come and hand it to them on a silver platter.

The wage question is no easy one to settle at best, there being two conflicting interests involved in it. The theory that the interests of Labor and Capital are the same is not true by any means and can not be so, so long as labor is bought and sold. Labor will be bought and sold so long as the Capitalist system exists.

So long as the Capitalist system exists, the power of reducing the purchasing power of the dollar will remain in the hands of the Capitalists, because they control the source—the means of production and distribution. Then it must be

apparent to any worker that individual effort to improve conditions is fruitless, as a general proposition.

Yours fraternally,

W. H. Williams,
L. U. No. 659.

L. U. NO. 666, RICHMOND, VA.

Editor:

It has been some time since we have had any thing in the Worker, and as we are now in trouble, will do the usual thing and write a few lines.

We have been on strike since Jan. 3. About seventy of our members were effected and came out, with the exception of six. We are still out and will stay out till Doomsday if it takes that long, to get conditions.

For the benefit of the Brotherhood and that they may profit thereby should they ever leave this burg, the following men scabbed on us without the slightest reason, as they could have worked in fair shops had they chosen.

C. L. Fuls, Card No. 245731.

E. Wicker, Card No. 245882.

R. L. Applewhite, No. 245870.

C. H. Jenkins, Card No. 245847.

A. M. Paulero, Card No. 245615.

S. B. Driver, Card No. 245905.

I don't know how many pieces of silver these Judas's received but out of a large percentage of our striking membership, who were offered from \$100.00 to \$500.00; \$50.00 per week salary and in some instances to include shares in business. The above were the only ones who so far forgot their manhood and common decency as to betray their fellow-workman for a few paltry months of good will of boss and face detestation and bitter contempt of their former friends forever.

After being out about two weeks we organized a stock company composed of the organization and its individual members. We jumped in and took several contracts from our former employers that worked about thirty of our members and with the other work gradually coming our way, together with the fact that several of our neighboring locals are using our men, we are in a position to fight indefinitely and will.

Brother Kloter buzzes in every little while, helps us land work, makes up fixtures, shoots trouble (of both kinds) and altogether we think he is a pretty handy fellow. How about it Ed, is that what we tell you face to face? Anyhow he carries a pretty good motto, viz: "You can't make me sore" and is consistent about it too.

In conclusion Brother Editor, on behalf of this L. U. I want to thank the Business Agent, Bro. O'Leary of Washington, D. C., and the Brothers of Newport News and Norfolk for their assistance to us in using our men, as well as Brother Kloter.

Fraternally,

G. M. Melton.

L. U. NO. 732, PORTSMOUTH, VA.

Editor:

I suppose the Brotherhood at large is wondering where Portsmouth, Va., is located, but if they could get a peep at this burg they would certainly be surprised at what they saw. The U. S. Government has done wonderful things at the navy yard and surrounding section, building towns for the accommodation of the workers, building three dry docks and enlarging the navy yard, naval hospital, etc.

Well, this is rather out of our line as L. U. No. 732, is strictly a railroad local with jurisdiction over the S. A. L. R. R.

The officers of this local for the ensuing year are as follows: President, R. T. Traf-
ton; vice president, W. H. Fry, recording

secretary, L. P. Ziegenheim; financial secretary treasurer, C. Hanvey; foreman, L. W. Bowne; first inspector, J. W. Bethel; second inspector, R. P. Congdon; trustees, W. H. Fry, C. F. Patterson, L. P. Ziegenheim; press secretary, H. J. Kraemer.

At present there seems to be a controversy between L. U. No. 732, and L. U. No. 862, in regards to jurisdiction over that part of the S. A. L. R. R., located at Jacksonville, Fla., as L. U. No. 862's charter calls for jurisdiction over Pullman Co., Jacksonville, Fla. This giving of jurisdiction over part of S. A. L. Ry., to L. U. No. 862, seems rather unfair for L. U. No. 732, as we feel that for the best interests of the I. B. E. W., one local should cover the system, as also our charter gives us jurisdiction over the Seaboard Air Line R. R. As the Editor well said in January, 1919, Worker that "the railroad electrical worker must look for all his support to the System Federations and Railway Employees' Department, so must be in a local covering the system as part of system. All other crafts have railroad locals and insist on electrical worker being organized likewise."

Well then, we have charter as Railroad Local, are affiliated with Seaboard Air Line System Federation and Southeastern District No. 3, Railway Employees' Department of the A. F. of L. Is not this what the editor expressed as his views? I would like to hear from other Railroad Electrical Workers on this subject.

We have a system chairman who represents the entire membership of the System on the Executive Board of District No. 3, Railway Employees' Department. How can he represent the Electrical Workers if part of our members belong to a Local with jurisdiction over other Railroad properties?

We are working for the interests of the I. B. E. W. and do not want to lay claim to anything that does not rightfully belong to us.

Any advice that the Brotherhood at large can give us will be highly appreciated.

With best wishes for the success of the I. B. E. W. in all its undertakings, I remain,

Fraternally yours,

H. J. Kraemer, P. S.

413 Madison St., Portsmouth, Va.

L. U. NO. 750, PITTSBURGH, PA.

Editor:

It has been some time since L. U. No. 750 has given anything to the "Worker" in the form of a letter, but don't think we are not doing business at the same old stand, in fact, that is possibly the reason for not writing oftener, too busy.

Our Organization, located at Pittsburgh, takes in the Railway Electrical Workers, on all roads, within a radius of ninety miles of the city, so you can see, that while we have a membership of possibly four hundred and sixty, and taking in new members at each meeting, we still have lots of unworked territory, necessitating increased efforts on the part of each member, as we will be satisfied with nothing less than 100 per cent organization of Railroad Electrical Workers, in this district, and feel that this should be the goal of Railroad Locals throughout our land, wherever they may be located.

Previous to the issuing of Supplement No. 4, to General Order No. 27, the Railroad Electrical Worker, had not very much to boast about, in the manner of wages or working conditions, but now since we have come into our own, mainly through the action of our Government, in taking over the railways of the country, we have been given a taste of real wages and conditions

of employment, with an inkling of something even better in the near future.

While Railroad Workers in general, are yielding all their influence in the interest of permanent government ownership of all railroads, still we must not lose sight of the fact that the roads may be thrown back to private control at any time, and possibly soon, if the recent action of the Republican Congress, in failing to pass the measure appropriating the money to operate the railroads under Government control, can be taken as a criterion, whereby to judge. However, our fight is before us, of this we feel certain, so let us all work with the object in view, of building up our fighting forces to the highest point of efficiency, and that can only be done by getting every worker into the organization of his trade, then, and not till then, will the worker get what he deserves.

All good things must have a beginning, and also, have somebody responsible for that beginning. L. U. No. 750 is not an exception to this law, for we feel that we are a good thing, also we had a beginning, not many moons ago, and also, we have somebody to hold responsible for that beginning. We have not altogether decided, as yet, whether the I. O. knew what they were doing, or whether the hand of Providence directed their actions, when they reached out to find somebody to come to Pittsburgh, and stand sponsor at the christening of first lodge of Railway Electrical Workers in this district. Anyhow, we as a full grown local, while only eight months old, appreciate the fact, that, through the untiring efforts, and the unusual executive ability of the man, who stood sponsor for us, and who later has been called the Father of L. U. No. 750, we have grown to full-grown Localhood in so short a time. While appreciating this fact, we felt that appreciation might be forgotten much too soon, so, we decided to show lasting appreciation, by giving the Culpit something that would stick to him forever. This something was in the shape of a diamond tie pin, set in platinum, which we procured and presented as a token of our regards to the Father of our Local Brother Organizer, Arthur Bennett, may it stick with you always Brother.

I remain,

Yours fraternally,

J. H. Campbell.

L. U. NO. 755, CLARKSBURG, W. VA.

Editor:

Brothers, Local Union No. 755 is still progressing. We have at last affiliated with the Central Trades and Labor Council of Greater Clarksburg and their meetings are full of pep, taking part in State and city affairs.

I notice by the papers that Labor organizations of the East are crying no beer, no work. In the opinion of your humble servant it is no more than German propaganda or Vandalism. Practically all breweries are owned and operated by Germans and three-fifths of the saloons are operated or owned by foreigners who are not American citizens, and do not intend to become citizens of our country, and why any labor organization would permit themselves to be led into such action is beyond me. They cannot be true Americans that would take any such action. At this period of our country's history, Labor must stand together as one man and be united else we have the same conditions that exist in the old world. So be united for justice and right. Our Government has placed at Labor's command some of its best and truest Labor Leaders and friends of Labor Organizations to see that the laboring man gets a square deal. Now

in the recent actions of these labor organizations in turning square against the Government with their cry of free country and no beer, no work, is going to mean a hard blow to organized labor. I think there should be another sign printed for these men. No work no eat.

H. H., Press Secretary.

L. U. No. 755.

L. U. NO. 782, FT. WORTH, TEXAS.

Editor:

Well this is the first letter to the "Worker" from Local No. 782 of the Electrical Workers of Ft. Worth, Texas. We haven't been organized very long, but we are in the "Field to Stay" and to receive any Electrical Worker who wants to do the right thing. I hope when you hear from us again that we will have a few more to put on the honor roll. We meet every Tuesday night at the Labor Temple and we have a pretty lively bunch. This is a Maintenance Local and of course we take in some territory.

There are quite a few of the boys of Local No. 782, who have gone in the Oil business on a small scale, especially Bro. John Luttrell who has bought an automobile and a few other big things, but when you mention dry hole, he of course wants to change the subject. There is lots of oil here if you can just find the right hole.

I hope this won't find its way to the waste basket too soon.

Guess I will have to close the circuit for this issue. May have a little more news next time.

With best regards to the Brotherhood, I am

Fraternally yours,

L. L. Cox,

L. U. No. 782, I. B. E. W.

L. U. NO. 808, ALLIANCE, OHIO.

Editor:

Please find enclosed print of picture of union men employed on Pennsylvania R. R., gang now working on Cleveland and Pittsburgh division. These men were organized through the efforts of Brothers Barger, Loraden and Adams, Loraden and Adams being members of No. 808 of Alliance, Ohio, and Brother Barger of No. 688 of Mansfield, Ohio.

Reading from right to left the names of the brothers are: Standing—Brothers J. E. Nelson, W. E. Barger, O. A. Adams (organizer), J. Bingham, H. Keiser, E. Weddell, D. A. Bailey, L. D. (Stormy) Ferguson; seated—J. Coman, E. Wegley, R. Everoad and Sneed Oldberg.

The brothers are all members of No. 808 of Alliance, Ohio, with the exception of Bro. (Stormy) Ferguson and Oldberg of No. 1750, Grand Rapids, Mich., and Bro. Barger of No. 688, Mansfield, Ohio.

The efforts of Brother Adams was not confined to this gang alone, but to four or five other gangs in which he did equally as well adding some thirty or forty members to the roster of No. 808, Alliance, and a vote of thanks should be given the brothers for their ardent work in organizing the railroad gangs as it is some hard work. Hoping you will get this in the March Worker. Will ring off for this time.

Most fraternally yours,
William Barger,
Pittsburgh, Pa.
1502 Chamber of Commerce Bldg.

L. U. NO. 810, MOBILE, ALA.

L. U. No. 810, inside men of Mobile, Ala., organized in November, 1918, has made a wonderful record. As workers of the organization we started with 11 members on charter and at present our membership is nearly 100 members. About 40 of these are new members that have never carried a card, have been in business ten to twelve years, some work for the young boys.

We have all shops closed in Mobile and agreements with everybody calling for 80c per hour for eight hours, and we expect to have same with all ship yards by the first of April.

Everything is going good here let us keep the good work up and have our local 200 members strong this time next year.

W. C. Farnell,
Press Secretary.

L. U. NO. 812, LITTLE ROCK, ARK.

No, we did not all die of the "flu," nor did the company get our "goat." As a matter of fact, we are very much alive, "goat" and all.

I think we are doing fine for a young railroad local. Since organizing, we have taken in the crane operators, transfer table operators, headlight work, and the axel lighting and signal men.

Brother Pedrick, our secretary-treasurer and committeeman, has been appointed Special Organizer by the international president and is now out on the road trying to whip the signal men into line.

We feel proud to have our Bro. Philips of Sedalia, representing all the railroad electrical workers at Washington. We hope to hear soon of his success in a national agreement with an increased wage.

Every railroad man doing electrical work of any kind should carry a card. The time is coming when we MUST be organized. Especially if the railroads ever go back to private ownership.

Our big problem now is to keep down, or rather OUT, radicalism. A Bolshevik, I. W. W., or radical Socialist can do the labor unions more harm just now than all the capitalists in America. Let us stick together and be reasonable in our demands and we shall get what we want and there will be fewer men looking for jobs on July 1st, than before the war.

Yours for the good of the many,
N. F. Pifer,
Press Secretary.

L. U. NO. 823, NEW ORLEANS, LA.

Editor:

Well here we are with a little news after several month's silence since my last letter to the Journal.

We have grown considerably in size, and we are nearly 100 per cent here with Cumberland Tel. & Tel. Co.; Western Union Tel. Co. and Postal Tel. Co. and expect to have all of the boys from the National District Co. at our next meeting, which will mean that we will be nearly 100 per cent with all of the companies doing business in New Orleans, La.

The officers and members of Local Un-

ion No. 823 are working hard to organize the Telephone Operators here and we have met with quit a bit of success along this line and specially from Organized Labor, in the city, who are doing everything in their power to help us. The Telephone Operators here are all anxious to join the Union, but have been kept out by the officials of the company, but they are beginning to wake up and realize what the Union will mean to them and that it is the place for them.

Brothers E. Kohnke, Tom Vest and M. E. Baldwin were elected at the last meeting as delegates to the Central Trades and Labor Council; Brother Geo. Selle, M. P. Heary and M. E. Baldwin were elected as delegates to the Convention Committee.

Brothers Frank Swor who has been with us for some time was called away on business and all of the members of Local Union No. 823 were very sorry to see him leave, and were in hopes that he would have stayed longer with us.

Brother Emile Peroyea, our former Recording Secretary has been made general cable foreman for the Telephone Co. here, and owing to the duties of this position resigned as Recording Secretary and Bro. E. Rocoon was elected to fill the vacancy. Local Union 823 has sent out a letter to various locals throughout the U. S. to get a copy of the wage scales paid in various cities, and ask that this information be gotten up as promptly as possible and forwarded to us, as we need same in framing a new contract and we are anxious to get our demands before the Telephone Company here.

Will close for this time, hoping that I will be able to give the brothers some real news in my next letter and hope that I will be able to tell them that we have organized Telephone Operators, 100 per cent here.

With best wishes for the success of the
I. B. E. W.

Fraternally yours,
M. E. Baldwin,
Press Secretary.

L. U. NO. 841, TOPEKA, KANS.

Editor:

Well, L. U. No. 841 has had some interesting things to happen since my last letter. We are still on the map though and hope to stay there, too. The boys are all interested in the cause and attend the regular meetings very good but a little more enthusiasm by some of them in being present would not hurt.

No sick report was made last Friday night. The boys are all on the job and working as usual.

Brother Sam Levitt, who resigned his position as lineman with the Bell some time ago, is in the hospital. We hope to receive a report of his condition next meeting night.

There is some trouble here with the Bell on account of discrimination against union men. We hope to settle once and for all time the right of workmen to belong to union labor who are in the employ of the Southwestern Bell Telephone Company. Some short-sighted, narrow-headed, petty officials have gone so far as to discharge a workman, who is one of our members right here in our city. Other members of our local outside of Topeka have been treated as unfair. But while this has happened rather suddenly it did not catch us napping. We took these matters up in detail through the proper channels and, believe me, when we are through with it and have this thing settled, we hope to see those unfair autocrats eat the dust they stirred up.

Organizer Von Schrittz was present at our last meeting and made an interesting talk. His presence among us is most en-

couraging to all. We hope to see him succeed in work of organizing the linemen all over this territory. He is also assisting the Wichita Operator's Local No. 85A in their strike. They are having a hard fight, but we all hope to see them win out. We have given them financial aid and are ready to give more, if necessary.

Hoping to be able to write a longer letter next month I will close.

Yours fraternally,

H. N. Lower,
Press Secretary.

L. U. NO. 865, BALTIMORE, MD.

Editor:

I am writing to draw your attention to the fact that Baltimore has now a Railroad Union of Electrical Workers of the Baltimore and Ohio R. R. Co. The Union consists of linemen, wiremen, shopmen, eramenen, sub-station men, and all who follow the exalted trade of the Electrical Workers. We organized the last month of the old year, with the splendid showing of one hundred and sixty-five members. Some of our Brothers belonged formerly to the Old Home Guard of L. U's. 27 and 28. Taking their cards out of Locals they had helped to build up, and had worked and fought for, for so many years under various circumstances was like leaving home to them. They have our sympathy in their home sickness, and a hearty welcome to 865. We are extremely fortunate in having right on the start one of the most efficient bodies of officers any local could desire.

Brother James Gardiner our worthy President, ably assisted by Brother Alfred Barrick, Vice President, are men not to be trifled with in maintaining the dignity of the chair, and decorum of the meeting. One look at our seven foot foreman, Bro Emory Childs would assure the most doubting that the door is well guarded. Brother Herbert Saffield, Recording Secretary has been of invaluable help and is an indefatigable cheerful worker, no duty ever appears irksome to him.

Brother Charles M. Brand, Financial Secretary is nothing short of a wizard at receiving and counting money, and as for our Treasurer, Brother Harry Rutledge, he is simply in his element, and has the confidence and esteem of all. Seldom indeed has a Local been so fortunate as elect such a body of officers on the start. We have much work yet to do, as all who have ever helped to organize know only too well. But with an average attendance of one hundred members all with their coats off, eager to work, we certainly are making the dust fly, and much will be heard of 865 in the near future. Already we have outgrown the small hall where we meet, and when our plans for a social end materializes, pleasure as well as business interests will bind us all more closely together. Some of our Brothers are feeling a little weak, having just paid their income tax, but with a prosperous year there is no reason to doubt but what they will soon be their same old selves.

Until you hear from me again, I remain,

Yours cordially,

Charles H. Earwaker,
Press Agent.

524 N. Fulton Ave.

L. U. NO. 880, PITTSBURG, PA.

Editor:

Just a few lines to let everybody know that the I. B. E. W. is there first. Will say that last January there was a call sounded and that night thirty-five men met with Brother Bennett and signed the applications that the American Federation of Labor is putting out in the effort to organize the Iron and Steel Workers

in the Pittsburgh district. We were then able to hold our first regular meeting, Feb. 2, 1919, at which our officers and some business was put in regular order.

We have been able to double our membership in the first month and are out for the same record this next month. We have been very lucky to have our able, organizer, Brother Bennett with us three meeting nights and no bull. He sure makes a hit with all.

We had Brother H. H. Broach with us a week ago, who favored us with quite a talk and must say that both have a standing bid to be at our meeting whenever possible. Will kindly ask you to state that Local No. 880, I. B. E. W., meets every Wednesday night, rain or shine, in Room No. 1, Labor Temple. That we are out for all the new members that we can get. Everything is done in a business like manner and form. We are here to be reckoned with and hope that the day is not far off when we shall have at least 500 members in our local.

Will close for this time hoping to see this in the next issue of the Worker.

With best wishes, I am

Fraternally yours,

Jack Keeling.

Recording Secretary.

L. U. No. 880, I. B. E. W.

L. U. NO. 96A, TOPEKA, KANS.

Editor:

The new Topeka Local 96a is still going and full of pep. We all have one aim and that is to have our Local the best of its kind.

Our dance was a great success. We cleared something like \$280.00. We thought that was fairly good for beginners.

Everyone seems so willing to lend us a helping hand. We certainly appreciate the valuable assistance we have received from our Brothers belonging to the other locals.

We all join in wishing all other new locals success.

I am,

Zelma Trowbridge.

Press Secretary.

L. U. NO. 92A, FT. WAYNE, INDIANA.

Editor:

Local No. 92A sends you and all the I. B. E. W.'s its first and best wishes. The telephone operators of this city, having failed, after many attempts, to draw more money out of the company and to secure better working conditions, have decided to organize. We believe that organization is formed for the purpose of protecting ones individual rights.

The telephone operators of this city are now 100 per cent Union. Our meetings have been a great success so far. The girls which number over one hundred are very enthusiastic, which means our Union is a live one and is one that has come to stay.

President Persa Bell of the Fort Wayne Federation of Labor, has ably assisted us in the formation of our organization. Our grievance committee drew up a wage scale and presented it to our General manager. He and our assistant manager met our committee and told us our wage scale was too high. After quite a discussion, they decided to draw up a schedule and post it. Several days later their new schedule appeared and we decided the same day their wage scale was too low. We then informed our General Manager we were disgusted with his schedule. We then appealed to Postmaster Burleson who promises us to take care of our situation at once.

We have the cooperation of Local 723, which includes all of our outside electri-

cal men. Our company employes about seventeen inside electrical workers which do not belong to an organization. We hope these men will soon wake up and see the benefits of organized labor.

I regret to add, although our organization has met with good success, we also have had some misfortune. Two of the best and hardest workers of our organization have passed away being victims of Influenza. Miss Grace Lee, who was acting as trustee at the time of her death, passed away December 10, 1918. Miss Victoria Johnson who was our newly elected recording secretary for the ensuing year, passed away January 12, 1919. Sister Johnson was also on the grievance committee. We all feel deeply sorrowed and also feel that a vacancy has been created, that will not be easily filled and that will be never forgotten.

Will close, hoping the "flu" will stop its work in our organization and all others. I remain,

Adele Lehman,
Press Secretary.

HEADQUARTERS COMPANY F, 37TH ENGRS. (ELEC. AND MECH.)

Editor:

We are sending you herewith three pictures, showing some of the members of the 37th United States Engineers in France.

The 37th Engineers was organized as the Electrical and Mechanical Regiment of the First American Army and in general was charged with the handling of all mechanical work and all mechanical work not pertaining to the repair of arms which was handled by the Ordnance Department, and the repair of motor transportation, which

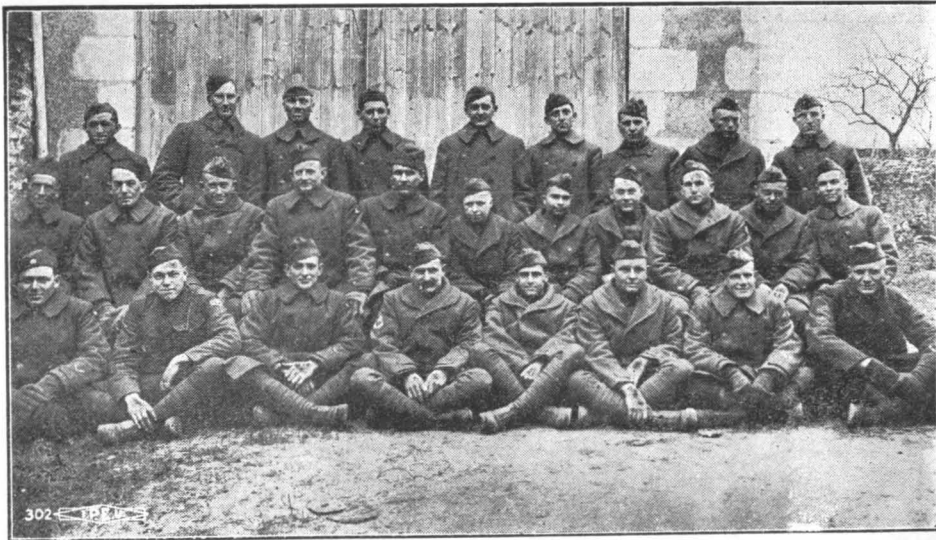

was supposed to be handled by the Motor Transport Service.

The regiment was formed by sending officers to all parts of the United States to secure men of mature experience in all the mechanical trades who would volunteer for this particular work. In this manner we secured for the regiment the finest personnel it was possible to get such men as you see in these pictures, men who were outside the call of the draft, yet left their homes and their families to help the country in its hour of need.

On arrival in France the regiment was almost immediately split up in small detachments and distributed along the entire front line occupied by the American Army. The earlier stages of the service in France were given over in general to the construction of hospitals and the construction of high tension lines immediately behind the front. About the middle of July one company took part in the famous Chateau-Thierry drive and another one was assigned to work with the 7th French Army, handling electrified barbed wire in No Man's Land and other similar work. As an idea of what this work meant, I recall one instance where one 11,000 volt transmission line was shot down seven times in one day by enemy fire and repaired every time.

From this time on the other companies were rapidly placed in the front line and operated with a large central shop at Toul as a base, and kept some hundreds of small power plants and pumping stations going.

Now, it does not sound very interesting to talk of two men keeping a 3 K. W. gasoline engine set running 20 or 24 hours a day, but when you stop to consider that this set must be kept running, regardless

PHOTOGRAPH NO. 1 (LEFT TO RIGHT).

Top Row—Pvt. T. Flynn, Local No. 250; Corp. Johnson, Local No. 125; Pvt. Grandstaff, Local No. 151; Pvt. B. J. Bishop, Local No. 169; Sgt. G. D. Beer, Local No. 173; Pvt. D. I. Mahoney, Local No. 6; Pvt. J. J. Vollmer, Local No. 173; Pvt. Harris, Local No. 594; Pvt. R. E. Fuller, Local No. 465.

Middle Row—Sgt. Johnston, Local No. 454; Pvt. Ben Lewis, Local No. 283; Pvt. Dave Morgan, Local No. 151; Pvt. Kennedy, Local No. 125; Pvt. L. J. Bethea, Local No. 283; Pvt. W. Waine, Local No. 224; Pvt. Levee, Local No. 442; Pvt. McCleod, Local No. 378; Pvt. M. J. Gregory, Local No. 81; Pvt. Winn, Local No. 283; Pvt. A. B. Conoway, Local No. 237.

of whether it refuses to run or not, in order that there may be light in the dugouts; and furthermore, that at any moment Brother Jerry, who is a charter member of the Baby Killers Local, whose President is old man Satan, and whose Business Agent is one William Hohenzollern, is liable to drop in your immediate vicinity several thousand pounds of scrap iron, it looks a little different. The fact that out of 200 men in one company there are 50 with the little gold badge of honor, that indicates a wound received in action, goes to show that Fritz did his best to keep us in mind.

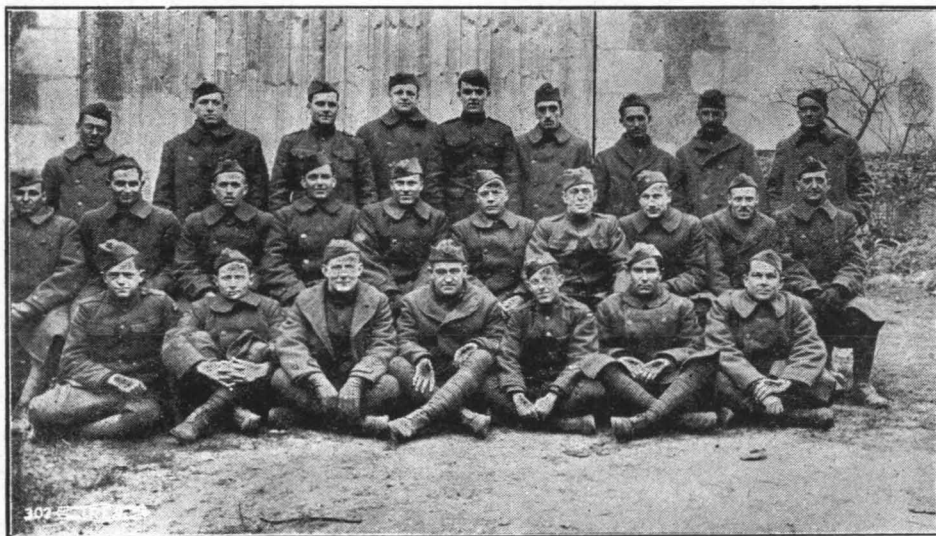

Then, too, there was a great difficulty in getting materials. You have all had occasion to swear at the underwriters who found a joint unsoldered and made you open up every joint on the job, in the hope of finding one more, without success. We had to do our work where the only material given us was the lamps. Now, when you see a job put up with barbed wire for a conductor and this barbed wire soldered to the base of the lamp, and probably three 32-volt lamps in series at that, and that job put up in a heavy rain, which was half water and half 77 mm. shells, you can bet your bottom dollar that the man who put it up was not enjoying himself very much. Of course, there were some minor difficulties, but it is an easy matter when the soldier runs out to pile up a lot of empty cans on top of the fire and collect the solder as it drips from them. Soldering irons? A cinch! All you have to do is to get a French rifle cartridge, take out the bullet, which is made of solid bronze, and fix a handle to it.

When the big Meuse-Argonne drive opened up the 37th Engineers were practically the first American troops to enter

the sector taken over from the French. We went in and relieved the French from the various little stations. Pollu had been occupying these stations for four years and had built himself in very comfortably. This had been a quiet sector ever since 1915, and as there were very few shells coming over he built himself a bunk and quite frequently had Madame Pollu staying with him. Naturally he objected to turning loose this good job, but as he had found out by this time whenever the American came in things usually became quite warm, he gave up with good grace and left us to settle our own funeral.

On the fateful night of September 26 hell began to pop, and the 37th was right on the job. The infantry line moved in some places, six or seven miles the next day. This meant a continuous stream of wounded and an enormous amount of work for the advance line dressing stations which are carried by each regiment as the line advances. We sent with each of these dressing stations a 1 K. W. gas engine so set that the surgeons could work day and night, with some chances of finding part of the junk metal that the poor victims carried in them.

As the line advanced through the terrible darkness of the Argonne forest and out into the open fighting beyond, we came across similar plants, which Brother Jerry decided were too heavy for him to take if he wished to meet his pressing business engagement at home on time. These were very welcome, as we did not have enough equipment to handle all the jobs we had going. There was only one unpleasant thing about this phase of the game, however. For example, at Abri du Crochet we

found a cute little steam plant with a highly efficient locomobile engine and several cords of wood cut and ready to burn. We were quite pleased with this until we found our worthy friend Jerry had left in the boiler some dozens of pounds of high explosives. After that we watched things rather closely.

After Fritz had shown the most magnificent streak of yellow the world has ever seen, by quitting before he was dead, the 37th made a bee line for Coblenz on the Rhine, under orders to investigate public utilities and to act as an advance party to see that the railroad lines were clear and that there were no cute little nests of hard boiled eggs which would go up in smoke when the train passed over them.

As the great Third Army was already on the march, it was necessary to do this work rather quickly. Furthermore our orders were to get the job done and turn in a report as soon as possible. This meant that we must have transportation. Easy. The 37th turned loose a few proficient go-getters, who went up into the territory that Brother Fritz was just leaving and came back with two locomotives and 60 or

the dinky little contrivances that they call box cars in Europe, with a stove in each car and a large hotel range in each train, which Fritz very kindly donated to us, and we started for the Rhine. Our own organization furnished the entire train crew. The first American troops to reach the Rhine were, of course, the 37th Engineers. We reached Sinzig on December 6 and Coblenz on the afternoon of the same day.

After various incidents, some of them pleasant, the regiment now finds itself in a shoestring village near St. Nazaire, where we are more or less patiently waiting the joyful order that will send us back to God's country.

Now, one little word of advice to all who read this sad story. When the men whose pictures appear call on the Business Agent to see if their cards are still straight, tell them what you think of them; tell them you are glad to see them. But, for the love of Mike, don't ask them if they ever had cooties, for most of them are truthful.

P. T. Sealey,

Capt. 37th Engrs. (Elec. and Mech.), Commanding Company F.
